## **ABOUT US**

Overview **HR SONS** is a dynamic player in the pharmaceutical packaging industry, specializing in the trading & supply of high quality materials essential for Drug, packaging and Preservation. Founded in 2016, the company has grown steadily by focussing on pharmaceutical sector. Innovation solutions that meet the stringent standards of the With a commitment to quality, reliability and customer satisfaction, **HR SONS** serves a diverse clientele, including pharmaceutical Manufacturer and distributors across various regions. **HR SONS** emphasizes sourcing premium products to ensure compliance with international regulations such as GMP & FDA guidelines. The company's expansion into manufacturing through sister concerns demonstrates its stragic vision to integrate trading with in-house production, creating a comprehensive ecosystem for pharmaceutical packaging needs.

### **History and Milestone\***

**2017** : Launch of sister concern - **IP ENTERPRISES** provides complete packaging solutions from concept to finished product. We specialize in accurate and practical representation of your brand through PVC Shrink sleeve packaging on Liquid Bottle's & protein powder jar.

**2020** : Launch of sister concern - **Auram Industries** to diversify it's supply chain, **Auram Industries** focuses on manufacturing HDPE bottles and jars, along with ROPP caps.

**2024: Establishment of Mahadev Polytech** Marking a significant leap into advanced manufacturing, HR SONS introduced **Mahadev Polytech in 2025**. This new venture is dedicated to producing **PVC** (Polyvinyl chloride) films and **Aluminium Blister Films**, both essential for pharmaceutical packaging applications. Theses material provide robust protection for sensitive drugs, enabling secure blister packs that maintain product integrity. To ensure top-tier production quality, **Mahadev Polytech** has imported a state-of-art calendar line machine from Taiwan, which enhances efficiency, precision & scalability in film manufacturing. Products & services.

Our group emphasizes sustainable practices, including the use of recyclable materials where possible, and invests in R&D to innovate eco-friendly alternatives without compromising on performance. We aims to become a one-stop solution provider for pharmaceutical packaging by expanding it's Mfg. capabilities and exploring new markets. With the integration of **Mahadev Polytech's** advanced production line, the company is poised for increased self-reliance and global competitiveness. Future plans include potential expansions into biodegradable packaging & smart packaging technologies to align with evolving industry trends.

Your vision,  
our packaging solutions

## PVC Films for high barrier Blister Packaging:

**PVC film** has excellent barrier properties against: moisture, water vapour, UV Light, aroma, inorganic acids, alkalies, aqueous salt solution, organic water soluble acids, emulsifying agents and wetting agents.

The product categories preferred to be packed in **PVC Film** are: Antibiotics, Anti Tuberculosis drug, vitamins, calcium and zinc compounds, Analgesic, Anti-inflammatory and Anti-depressants, Drugs acting on alimentary system, Ayurvedic rejuvenators, Cardiovascular drugs, Enzymes, Antiprotozal, Antihistamines and Sedatives and Hypnotics.

The salient features of our PVC film are:

- Meets all regulatory requirements.
- Produced in fully air conditioned, dust proof plant.
- Excellent sealing properties and uniform protection.
- Superior shrinkage & thickness control ensuring by autor Thickness controlling unit
- Excellent thermo fermentability.
- High level of transparency which improves the aesthetics of the product.

<b>Thickness</b>	<b>200 micron - 600 micron</b>
<b>Options</b>	<b>Glass Clear or Coloured, Transparent or Opaque</b>
<b>Forming Temperatures</b>	<b>130 - 150oC</b>
<b>Width</b>	<b>50-14000mm (+/- 1 mm)</b>
<b>Core ID / Reel OD</b>	<b>Core ID: 76mm, Reel OD: 300-400mm</b>
<b>Packaging</b>	<b>Standard Tight Shrink Packaging</b>

Your vision,  
our packaging solutions

## Blister Foil Manufacturer:

**MAHADEV POLYTECH** offers high quality leading foils developed under clean and hygienic conditions to ensure safety of our clients products. These foils are offered both in Plain and printed forms.

Primer coated Aluminium foil, hard tempered with HSL coating is available in various thickness ranging from 20-30 microns as requested by customers. HSL coating can be done up to 3-10 GSM. We offer solutions for sealing with different forming films like PVC, PVDC, Cold Form, Tropical etc.

These eco-friendly foils are suitable for high speed packaging applications. Blister foil is highly demanded all across the pharmaceutical industries due high level of quality, hygiene, fine finish and eco-friendly nature.

**Your vision,  
our packaging solutions**

## **OUR QUALITY**

Quality is the foundation of everything at **MAHADEV POLYTECH**. Our Quality Assurance system is designed to ensure that every product consistently meets customer expectations, regulatory requirements, and international quality standards. We follow a strict, documented, and process-driven Quality Management System (QMS) covering all stages—from raw material procurement to final product dispatch. Our Quality Commitment Compliance with GMP, ISO, and relevant regulatory standards Zero-compromise approach toward product safety, consistency, and reliability Continuous improvement through regular audits and process reviews

Our in-house Quality Check Laboratory is the backbone of our commitment to delivering safe, reliable, and high-performance products. Every stage of production is closely monitored to ensure strict compliance with national and international quality standards.

## **Our Advanced Testing Facilities Equipped With Precision measuring instruments:**

- GSM Cutter
- GSM Template, Micro Meter
- Colour Matching Cabinet
- Bursting Strength Tester
- Pin Hole Tester
- Heat seal Tester
- Hot Air Oven
- Sealing & Peeling Tester

Our qualified QC professionals and lab technicians ensure every product meets defined quality parameters before release, guaranteeing consistency, safety, and customer satisfaction.

## **MAHADEV POLYTECH IS ACCERDIATED BY :**
