Catalyzing Excellence: From Molecules to Miracles

INTRODUCTION

Founded in 2021, Chemex Global is a manufacturer of APIs and Pharmaceutical Intermediates, located in Guwahati, Assam. We are a subsidiary of Jain Group Ventures, a company with over 30 years of experience in the Pharmaceutical Supply Chain Industry. We are committed to research-based indigenous solutions and have established one of the largest integrated R&D labs in Eastern India.

We are proud to be the first API Manufacturing Unit in the North-Eastern Region of India and one of the biggest capacity units in the entire Eastern India.

ABOUT US

MANUFACTURING SITE ADDRESS

Chemex Global, Mirza, Palasbari Road, Kokjhar, Palasbari,
Guwahati – 781128
WHO – GMP, GMP-Schedule M & ISO 9001:2015 Certified Firm.
D-U-N-S No: 75-610-0365 and
FEI No.: 3038161559

SITE AREA	:	3.30 ACRES
ESTABLISHED	:	2021
BUILT UP AREA	:	4313.35 SQ M
PRODUCTION BLOCKS	:	1
NUMBER OF REACTORS	:	8
TOTAL REACTOR VOLUME (KL)	:	15 KL
LONGITUDE & LATITUDE	:	26.114° N, 91.5435° E
NO. OF EMPLOYEES APPROX.	:	100 PEOPLE

LIST OF APIs

Sl.	Intermediates	Structure	Cas. No.	Status
1	Sitagliptin Phosphate Monohydrate (Offered Grades - EP/BP/IP/USP)		654671-77-9	Commercial
2	Dapagliflozin Propanediol (Offered Grades - IP/USP)		960404-48-2	Commercial
3	Vildagliptin		274901-16-5	Commercial
4	Tafamidis Meglumine		951395-08-7	Commercial
5	Sacubitril-Valsartan Complex		936623-90-4	Commercial
6	Sacubitril Sodium		149690-05-1	Under Scale - Up
7	Midodrine		42794-76-3	Under Development
8	Midodrine Hydrochloride		3092-17-9	Under Development

Disclaimer

Products protected under valid patents are not offered or supplied for commercial use. However, the research quantities of such products may be offered for the purpose of R&D development or regulatory submissions, wherever such regulatory exemptions exist

LIST OF INTERMEDIATES & PIPELINE PRODUCTS

Sl.	Intermediates	Cas. No.	Status	End Use
1	2-(4-ethoxybenzyl)-4-bromo-1-chlorobenzene	461432-23-5	Commercial	Dapagliflozin
2	(5-bromo-2-chlorophenyl) (4-ethoxyphenyl)methanone	461432-22-4	Commercial	Dapagliflozin
3	(3R,4S,5R,6R)-3,4,5-tris (trimethylsilyloxy)-6 ((trimethylsilyloxy)methyl -tetrahydropyran-2-one	32384-65-9	Commercial	Dapagliflozin, Empagliflozin, Canagliflozin
4	Tafamidis	594839-88-0	Commercial	Tafamidis Meglumine
5	1-(2,5-Dimethylphenyl) -2-aminoethanol Hydrochloride	60407-53-6	Under Development	Midodrine
6	2-Amino-1- (2,5-dimethoxyphenyl) ethanol	3600-87-1	Under Development	Midodrine Hydrochloride

Sl.	Product Name	Structure	Cas. No.
1	Linagliptin		668270-12-0

CHEMEX GLOBAL

Catalyzing Excellence: From Molecules to Miracles

Our Reaction Capabilities

1. Condensation Reaction
2. Acid-Amine coupling Reaction
3. Chlorination Reaction
4. Cyclization Reaction
5. Esterification Reaction
6. Friedel-Craft Reaction
7. Amination Reaction
8. Reduction Reaction
9. Deacetylation Reaction
10. Protection-Deprotection of Functional groups

R&D Capabilities

1. Development of multi-step, novel and environmentally friendly synthetic routes including chiral and complex APIs.
2. Scale-up processes from lab scale (mg & gm scale) to kilo labs and pilot plants
3. Implementation of DOE, Quality by Design (QbD), process optimization and MOC
4. Strong focus on green chemistry, sustainability, and eco-friendly processes
5. Capabilities for developing APIs for various therapeutic segments
6. Solid supported catalyst, enzymatic/Biocatalysis and organocatalysis reactions involving small organic molecules.

CDMO & CRO Services

Chemex Global is a trusted CDMO partner providing end-to-end pharmaceutical development and manufacturing solutions, specializing in APIs and intermediates from research to commercial production with scientific precision and compliance.

Our CDMO Services:

- Custom Synthesis & Process Development: Scalable, cost-effective route design and analytical method optimization.
- Technology Transfer & Scale-Up: Seamless lab-to-plant transition with validated, compliant processes.
- Manufacturing Excellence: High-purity APIs, flexible production, and safe HPAPI handling.
- Regulatory & Quality Support: Comprehensive global submission and robust quality systems.
- Packaging & Logistics: Compliant packaging and secure global supply chain management.

Why Partner with us?

- Accelerated Tech Transfer: Complete technology transfer in under 3 weeks for rapid project kickoff.
- Flexible Partnerships: Choose from FFS, FTE, or milestone-based models tailored to your needs.
- Strong IP Protection: Ensuring confidentiality and secure handling of all client data.
- Agile & Cost-Efficient: Optimized processes deliver quality results with competitive costs.
