Our horizon of business expertise expands to a wide range of pharmaceutical formulations, including the age-old traditions of India—the Ayurvedic Drugs and Nutraceuticals.

We have a strong basket of advanced pharmaceutical formulations to offer and satisfy the healthcare industry across the globe with the finest products, services, and commitment. We are dealing in :

- Export Business
- Contract Manufacturing
- Ethical Promotion & Co-Marketing
- Institutional Business
- Manufacturing through Loan License

EXPERTISE IN ORAL LIQUID DOSAGE FORM

More than 80 years of experience in Manufacturing of Liquid Dosage forms with a proven track record of Stability Compliance, Clinical study Compliance & Zero Quality Non-conformities.

COMPETITIVE COMPLIANCE

We do research and conduct intensive studies of the operations and trends in the market to build a newer tomorrow with entrepreneurial hunger.

HIGH ETHICAL SENSE

Our rules & techniques are meticulously fashioned to ensure business ethics, legality & responsibility between Organizations & Business Partners. We believe in relationships building on time & a lifetime. We have earned trust & respect in the market.

Mission

- The axis and fulcrum of our business is to discover, innovate and successfully market innovative pharmaceutical products.
- To create path-breaking brands to prevent and cure diseases.
- To ease suffering and enhance the quality of life.

Vision

Our determination, energy and enterprise are our projected future. Our business drivers find purpose and direction through our strategic intent. Our corporate culture places people and capabilities at the center, which changes and transforms situations.

- To venture beyond others in exploring and using the potential of life sciences.
- To track new technologies and consistently create innovative Pharmaceutical products.
- To deliver quality with accurate information and retain the goodwill of customers.
- To work with our fellow doctors and channel partners. To provide the knowledge of health and eradicate ignorance on similar platforms.

The Leader speaks.....

We at Mendine continuously strive to improve the quality of human life. We make tomorrow happen by doing more, so that people may feel better and live longer through the valuable contributions we make to society by developing and marketing medicines essential for people at large.

Mendine's core value is to continue to be a good corporate citizen and to be committed towards the communities for whom it works. We believe in being proactive, in improving the environment and in actively contributing to social welfare.

- Our initiatives are focused towards women, children and the aged covering health and education also.
- To educate themasses on practices of healthy living.
- To provide medicine in rural areas at convenient and economical prices.

I take this opportunity to thank our patrons and channel partners, including our doctors' fraternity and our patients, who have consistently partnered with our progress. We look forward to making tomorrow healthier and safer.

Mr. Probhas Bondhu Chakraborty

MD - Mendine Pharmaceuticals Pvt. Ltd.

OUR EXPERTISE

Research & Development

We keep our Research & Development department aligned with our business strategy to drive our pharmaceutical business forward. Innovation to achieve robust formulation design and efficient process scale-up, technology transfer, cost reduction of formulation and keeping quality consistent. We make extensive use of modern tools along with a well-equipped global standard R & D laboratory with state-of-the-art equipment and our highly qualified staff.

Manufacturing

Our in-house manufacturing facility is equipped with modernized equipment & machinery manufacturing oral liquids, with an installed capacity of 80 lac litres annually along with a filling capacity ranging from 6 ml to 450 ml. We produce Oral liquids in the form of Syrup, Suspension & Drops which cover therapeutic segments viz. Vitamin & Minerals, Digestive Enzymes, Anti-Inflammatory, Anthelmintic, Anti-Cholinergic, Cough Expectorant, Anti-Infective, Hematinic, Anti-Ulcer, Anti-Allergic, Analgesic, Antihistamine, Antacid, Hepatoprotective & Antitussive. Also, we have topical applications in the form of Lotion viz. Dental Anti-Inflammatory & Mouthwash.

Quality & Regulatory

We have a well-established Quality Management System that ensures the quality of our products. Our Quality Assurance ensures strict compliance with the required quality standards.

Our Laboratory is fully equipped with the facility for the highest quality Physical testing, Microbiological testing, Effective control of process, Chemical testing, Stability Studies etc. having state-of-the-art instruments like HPLC, FTIR, GC, UV Spectrophotometer and all the required laboratory instruments. Each product is tested for quality, safety and efficacy by a team of well-qualified personnel in place. Stringent and high-quality standards are followed to ensure quality at every stage of manufacturing.

Our in-house Regulatory team always keeps updates on current regulatory affairs & deals with regulatory governing bodies to ensure that Mendine meets all the regulatory requirements, like the Drug & Cosmetics Act & Rule, FSSAI, Excise, Fire, Pollution, Health & Safety etc. as well as assuring the safety and efficacy of medicines to the consumers.
