Welcome to **SPPL Group**

Serving high quality
Pharmaceutical Medicines

About Us

We are pleased to introduce the SPPL Group, a professionally managed pharmaceutical export organization based in Pune, India. Established in 2016 and backed by over two decades of collective experience in the pharmaceutical industry, SPPL has built a strong global reputation for reliability, quality, and long-term partnerships.

SPPL is engaged in the manufacturing, marketing, and export of high-quality pharmaceutical formulations across a wide range of therapeutic categories. With a strong focus on regulatory compliance, innovation, and service excellence, we have successfully expanded our presence to more than 25 countries, with over 200 product registrations across these markets.

All our products are manufactured in facilities that comply with the highest international quality standards, including EU-GMP, PIC/S, and other stringent regulatory authority-approved plants, ensuring consistent quality and global acceptance.

Over the years, SPPL has evolved into a diversified healthcare group comprising several specialized entities that work synergistically to deliver comprehensive healthcare solutions:

Indeus Lifescience Pvt. Ltd. – An EU-GMP-approved facility specializing in contract manufacturing and customized formulation development for EU and US & other regulated markets (www.indeus.in)

Evoliant International FZ LLC (UAE) – Our strategic overseas office managing international operations, product registrations, logistics, and partner coordination across the Middle East, LATAM, CIS, and African regions.

Evoliant Healthcare Pvt. Ltd. – Focused on product development, regulatory documentation, and sourcing from WHO-GMP and EU-GMP-approved manufacturing facilities across India.

SYMEL Medicine Life LLC (Uzbekistan) – Our overseas entity with its own marketing, importation, and distribution network, successfully promoting SPPL Group's registered brands in Uzbekistan.

Our product portfolio covers a wide range of pharmaceutical formulations in various dosage forms—tablets, capsules, injections, ointments, syrups, and soft gels — across multiple therapeutic segments. With a dedicated team, deep regulatory expertise, and a strong network of global manufacturing partners, SPPL is committed to delivering reliable, affordable, and innovative healthcare solutions to patients worldwide.
