

Embracing Care for Every Healing Journey

About Us

At the Weembrace Group of Companies, we're committed to supporting every step of a patient's healing journey. Established in 1991, we are a global player in oncology-focused healthcare, with comprehensive expertise in cancer therapeutics, specialised clinical nutrition, and advanced cosmeceutical solutions for oncology care.

Our facilities are state-of-the-art, fully compliant, and certified with

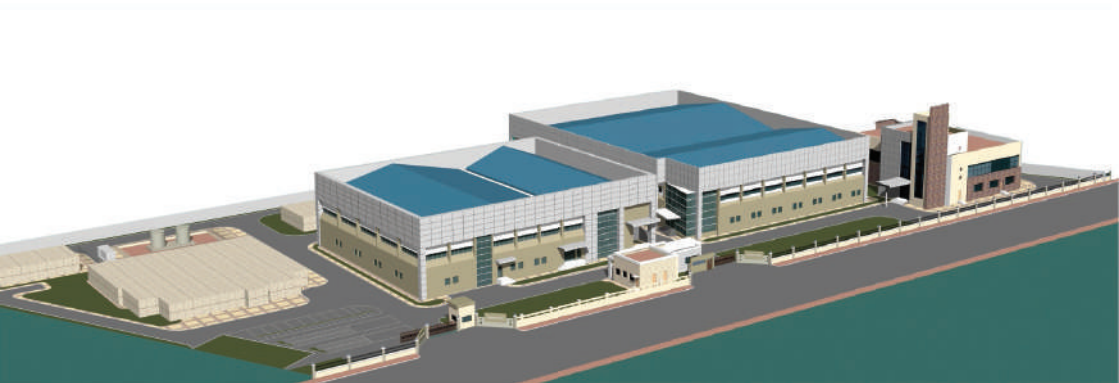

Vision

We envision a global access where compassion meets innovation, where science empowers recovery, and where no patient walks their path alone, transforming the cancer care journey of every patient into one of hope, dignity, and healing.

Mission

We commit to integrate advanced therapeutics, specialised nutrition, and restorative care into a seamless continuum—combining scientific precision, uncompromised quality, and human compassion.

Our Global footprints

Weembrace Karevia: Headquartered at UK we develop and market evidence-based onco-nutrition and onco-cosmeceutical products that meet stringent quality benchmarks.

Weembrace Karevia: Headquartered in the UAE, we ensure fast-track, compliant patient access to Innovator medicines authorised via Managed Access Programs.

Weembrace Biopharma: Headquartered at India-we manufacture & market oncology therapeutics & supportive care, specializing in cytotoxic injectables with Novel drug delivery systems and targeted therapies.

Albino Lifesciences: Among India's largest licensed pharmaceutical distributors for the Government bodies, with compliant, temperature-controlled supply chains for more than 3 decades.

Our Commitment to Quality

At Weembrace, quality is our performance benchmark. We maintain rigorous quality control throughout every stage of production, from raw material sourcing to packaging. Our facilities are compliant with US-FDA and UK-MHRA standards, and pursuing comprehensive accreditations by 2027.

Our multi-stage testing facilities follows GLP & meticulously verify quality parameters with specialised QA/QC teams, we customize products to meet diverse market needs.

Formulation & Development

Our Formulation & Development (F&D) Department is the engine of our innovation. Housed in a state-of-the-art facility that fully complies with country specific Health Ministry guidelines, our team of experts develops innovative, patient-focused therapies.

Our expertise has been recognized with the approval of over 10 new molecules from Drug Authorities. By combining technical precision with extensive industrial experience, we create world-class finished dosage forms, including oral, systemic & topical, that meet strict international standards for efficacy and safety. This allows us to consistently deliver innovative and affordable cancer medicines to global markets.

Salient features of Oncology Block

- Compatible with **OEL level-5**
- All the machines have been imported from **IMA, Italy**
- Facility of lyophilisation with **IMA Edwards Lyo**
- All the machines are **21-CFR**, Part-11 compliant

HFS^{*}

REPAIR & REVITALISING CREAM

100% natural, plant-based cream for managing chemotherapy-induced Hand and Foot Syndrome.

20% UREA

Keratolytic activity¹
Ideal Humectant¹

PENTAVITIN

Moisturizes upto 72 hrs²
38% higher moisturizing ability³

BETAINE

Osmoregulatory Activity⁴
Hepatoprotective Function⁴

^{*}Hand & Foot Syndrome

NDLS*

ENGINEERED FOR BETTER QUALITY OF LIFE

Solvent-free Nano dispersible lipid suspension of Docetaxel, designed to address limitations of conventional formulations. Eliminates polysorbate 80 and ethanol, thereby reducing hypersensitivity reactions and improving patient tolerability. Provides consistent drug delivery, enhanced stability, and effective therapeutic outcomes in cancer chemotherapy.

SOLVENT-FREE FORMULATION

No polysorbate 80 / ethanol →
Reduced hypersensitivity &
toxicity¹

ENHANCED STABILITY

Lipid-based technology ensures
uniform dispersion & better
tolerability¹

IMPROVED PATIENT COMPLIANCE

Safer infusion, reduced
premedication requirement¹

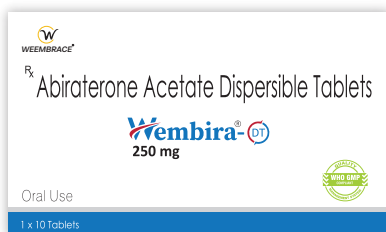

*Nano dispersible lipid suspension
Ref: 1.<https://pubmed.ncbi.nlm.nih.gov/28255844/>

DT^{*}

REDEFINES THE PATIENT'S COMPLIANCE

A dispersible tablet technology enables rapid disintegration in water, offering flexible dosing, ease of administration for patients with swallowing difficulties, and supports patient adherence in oncology practice

DISPERSIBLE TABLET FORM

Rapid disintegration in water →
Convenient for dysphagic or elderly patients¹

FLEXIBLE DOSING

Facilitates accurate dose adjustment
in clinical practice¹

IMPROVED COMPLIANCE

Patient-friendly design
supports comfort & adherence¹

^{*}DISPERSIBLE TABLET

OUR ONCO NUTRITIONAL PRODUCTS

SR NO.	FORMULATION	DOSAGE FORM	USAGE
1	Coenzyme Q 10-100mg, L-Arginine 100 mg, L-Carnitine 500mg	Tablet	Anti-inflammatory
2	Bio+Resveratrol 125mg, L-Glutathione 500mg	Tablet	Oxidative Stress, Skin Brightening
3	Magnesium Bis Glycinate 400mg & L-Carnitine L-Tartrate 500mg	Tablet	Hypomagnesia
4	Whey Protein Supplement with 3gm HMB	Powder	Cancer Cachexia, Sarcopenia
5	Evening Primrose Oil 1000mg, Tocotrienol 50% 30mg	Soft Gel Capsule	Lung Fibrosis, Peripheral Neuropathy
6	Nano Curcumin 500mg	Capsule	Breast, colorectal & liver cancers
7	Mecobalamin IP 1500mcg, Alpha lipoic acid 100mg	Soft Gel Capsule	Dementia, Diabetes Neuropathy
8	Carica papaya extract-550mg, Tinospora cordifolia-150mg	Tablet	Thrombocytopenia
9	Liposomal Curcumin 100mg	Capsule	Breast, colorectal & liver cancers
10	Liposomal Glutathione 650mg	Capsule	Oxidative Stress, Skin Brightening
11	Liposomal Ferrous Ascorbate 13.75mg	Capsule	Iron Deficiency
12	Melatonin 10mg	Tablet	Insomnia
13	N Acetyl Cysteine 610mg, Curcumin Extract 100mg	Capsule	Anti-inflammatory, Antioxidant
14	Calcium Citrate Maleate (Elemental Calcium 200mg)	Soft Gel Capsule	Osteoporosis
15	Glutathione 500mg, Vitamin-C 80mg	Soft Gel Capsule	Immunity Booster, Skin whitening
16	Collagen Peptide 40mg, Sodium Hyaluronate 30mg	Soft Gel Capsule	Osteoarthritis
17	Docosahexaenoic Acid [DHA] 150mg, Lutein	Soft Gel Capsule	Neuronal Dysfunction
18	Ferrous Fumerate 57.8mg, Folic Acid 176.47mcg	Soft Gel Capsule	Iron Deficiency
19	Alpha Lipoic Acid 9mg, Eicosapentaenoic Acid 108mg	Soft Gel Capsule	Anti-inflammatory, Neuropathy
20	L Leucine 800mg	Soft Gel Capsule	Sarcopenia, Muscle Fatigue
21	Palmitoylethanolamide 300mg, Diadzien 50mg	Soft Gel Capsule	Pain
22	Myo-Inositol 1gm, Cholecalciferol (Vitamin D3) 2000IU	Soft Gel Capsule	Diabetes
23	L-Carnitine L-Tartrate 500mg, Ubidecarenone 30mg	Tablet	Cardiac Dysfunction
24	Ubidecarenone 200mg, Astaxanthin (10%) 16mg	Tablet	Antioxidant, Cardiac Dysfunction
25	Co Enzyme Q10 300mg, Astaxanthin 8mg	Tablet	Oxidative Stress, Anti-inflammatory
