ABOUT US

Lok-Beta Pharmaceutical (India) Private Limited is a pharmaceutical manufacturing and marketing company with a strong presence in the domestic market and market authorizations across multiple international territories. The company operates a diversified portfolio of branded formulations and has established a robust global footprint.

Manufacturing and Facilities

A major share of manufacturing is supported through a WHO-GMP–approved OSD facility at Thane, equipped with modern sections for:

- Tablets
- Capsules
- Ointments and Creams
- Liquids and Suspensions
- Sachets

Lok-Beta also operates a state-of-the-art Oncology manufacturing facility at Verna, Goa, exclusively dedicated to oncological products.

This facility manufactures:

- Tablets
- Capsules
- Lyophilized Injections
- Prefilled Syringes (PFS)

The Goa Oncology plant is WHO-GMP and Schedule M Complied.

Additionally, the company has an OSD manufacturing plant in the Republic of Belarus, established as a Joint Venture with the Government of Belarus, particularly the Ministry of Health. This facility is strategically positioned to serve the Eurasian pharmaceutical market, offering preferential access and local manufacturing advantages.
