About

**TRIKO**

- Established in 1984, Triko Pharma is a GMP certified pharmaceutical manufacturing organization with a long-standing focus on CNS and Neuro-Psychiatry formulations.
- We support pharmaceutical marketing companies with reliable, compliant, and scalable contract manufacturing solutions, with particular expertise in oral solid dosage forms and MDT technology.

### Why Partners Work With Us :

**CNS-focused manufacturing heritage**

**GMP compliant systems**

**Flexible batch sizes**

**MDT capability as a platform**

**Predictable quality & timelines**

| S.N | Composition                          | Pack                                                                        | Packing       |
|-----|--------------------------------------|-----------------------------------------------------------------------------|---------------|
| 1.  | Mesalamine Delayed Release IP 400 mg | Each enteric coated prolonged release tablet Contains: Mesalamine IP 400 mg | 10x10 Blister |
| 2.  | Mesalamine Delayed Release IP 1.2 g  | Each enteric coated prolonged release tablet Contains: Mesalamine IP 1.2 g  | 10x10 Blister |
| 3.  | Rifaximin BP 400 mg                  | Each film/sugar coated tablet Contains : Rifaximin BP 400 mg                | 10x10 Alu-Alu |
| 4.  | Ursodeoxycholic Acid IP 300 mg       | Each film coated tablet Contains: Ursodeoxycholic Acid IP 300 mg            | 10x10 Blister |

**Anti Cold / Anti Allergic Products**

|    |                                                                                                                            |                                                                                                                                                 |               |
|----|----------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|---------------|
| 1. | Diclofenac Sodium IP 50 mg + Paracetamol IP 325 mg + Chlorzoxazone USP 250 mg                                              | Each uncoated tablet Contains: Diclofenac Sodium IP 50 mg + Paracetamol IP 325 mg + Chlorzoxazone USP 250 mg                                    | 10x10 Blister |
| 2. | Montelukast IP 10 mg + Levocetirizine Hydrochloride IP 5 mg                                                                | Each film coated tablet Contains: Montelukast Sodium IP Eq. to Montelukast 10 mg + Levocetirizine Hydrochloride IP 5 mg                         | 10x10 Blister |
| 3. | Paracetamol IP 325 mg + Phenylephrine HCL IP 5 mg + Caffeine IP 30 mg + Diphenhydramine HCL IP 25 mg                       | Each uncoated tablet Contains: Paracetamol IP 325 mg + Phenylephrine HCL IP 5 mg + Caffeine (Anhydrous) IP 30 mg + Diphenhydramine HCL IP 25 mg | 10x10 Blister |
| 4. | Paracetamol IP 325 mg + Diclofenac Potassium IP 50 mg + Cetirizine Hydrochloride IP 5 mg + Magnesium Trisilicate IP 100 mg | Each uncoated tablet Contains: Paracetamol IP 325 mg + Diclofenac Potassium IP 50 mg + Cetirizine Hydrochloride IP 5 mg                         | 10x10 Blister |

**Anti Diabetic Products**
