Zynor International — Excellence in Every Micron.

Zynor International | Excellence in Every Micron The Vanguard of Medical Innovation Established in 2025, Zynor International stands at the forefront of medical technology. We specialize in the precision manufacturing of high-grade medical disposables, bridging the critical gap between advanced bio-engineering and patient safety. Our mission is to deliver life-saving reliability to healthcare providers across the globe, ensuring that every touch point in clinical care is defined by uncompromising quality.

The Zynor Advantage

- 1. Global Supply Resilience** With a massive monthly production capacity of 6 million IV Cannulas and 2 million Infusion Sets, we possess the industrial scale required to power and stabilize global medical supply chains.
- 2. Regulatory & Quality Benchmarking** We adhere to the "Gold Standard" of global compliance, including ISO 13485:2016, CE, and WHO-GMP. We are currently undergoing rigorous expansion into EU-MDR markets to meet the world's highest regulatory demands.
- 3. Bespoke OEM & Private Labeling** Beyond our proprietary line, we offer end-to-end strategic manufacturing partnerships, allowing international brands to leverage our technical expertise for premium local market solutions.

ABOUT US

Our Specialized Product Ecosystem

- 1. Vascular Access Solutions** High-precision IV Cannulas engineered with advanced safety features to minimize trauma and maximize clinical efficiency.
- 2. Infusion & Fluid Management** A comprehensive suite including IV Sets, BT Sets, Measured Volume Sets, 3-Way Stop Cocks, and Extension Tubing.
- 3. Drainage & Critical Care** Essential medical interventions: Yankauer Suction Sets, Sterile Urine Bags, Ryle's Tubes, and Infant Feeding Tubes.

Vision" To redefine the global benchmark of medical safety, aspiring to protect a billion lives through the relentless pursuit of precision engineering and human-centric healthcare solutions."

Mission" Our mission is to empower the global healthcare community by delivering world-class medical devices that guarantee absolute patient safety. We strive to simplify life-saving procedures and cultivate an enduring legacy of trust through every micron of our craftsmanship."

Our Core Values

Growth: Continuous evolution of medical technology.

Quality: Uncompromising excellence in every batch.

Trust: Building reliability with every clinician.

Safety: The foundation of our existence.

Honesty: Transparency in our processes and partnerships.

Care: Remembering the patient at the end of the supply chain.
