Innovation Powered by VT Technology

Rethinking Effervescent
Manufacturing

Our **Single-Pot Vacuum** Granulation
Technology integrates:

VT Technology?

- ✓ Lower Moisture Exposure
- ✓ Better Product Stability
- ✓ Improved Batch Consistency
- ✓ Reduced Material Handling
- ✓ Enhanced Manufacturing Efficiency
- ✓ Superior Process Control

✗ Traditional manufacturing exposes moisture-sensitive products to multiple transfers and handling stages.

✓ Kilitch's proprietary **VT Technology** changes that.

MANUFACTURING UNITS:

Unit I : C-301/302, TTC Industrial Area, MIDC, Pawane, Thane - 400 705, India.

 +91 22 6299 6300

 +91 22 2768 0912

Unit II : House No. New, Lega Bari Lega Bolo, Barak Wereda, Oromia Special Zone Finfine Surrounding, Oromia, Ethiopia.

Unit III : R-251, 1st Floor, MIDC, TTC Industrial Area, Rabale, Navi Mumbai - 400 701

Unit IV: S. No. 24, Village Maldev, Tal. Pen, Dist. Raigad, Pen, Maharashtra - 402 107.

Sustainability Built Into Every Process

Instead of treating sustainability as an initiative, we've engineered it into our facility through:

- Radiant Cooling Technology
- Biomass Steam Generation
- Heat Recovery Systems
- Water Recycling
- Energy Efficient Utilities

CORPORATE HEAD OFFICE:

39, Ujagar Industrial Estate, W. T. Patil Marg, Deonar, Mumbai - 400 088. India.
