About Aviran Pharmachem

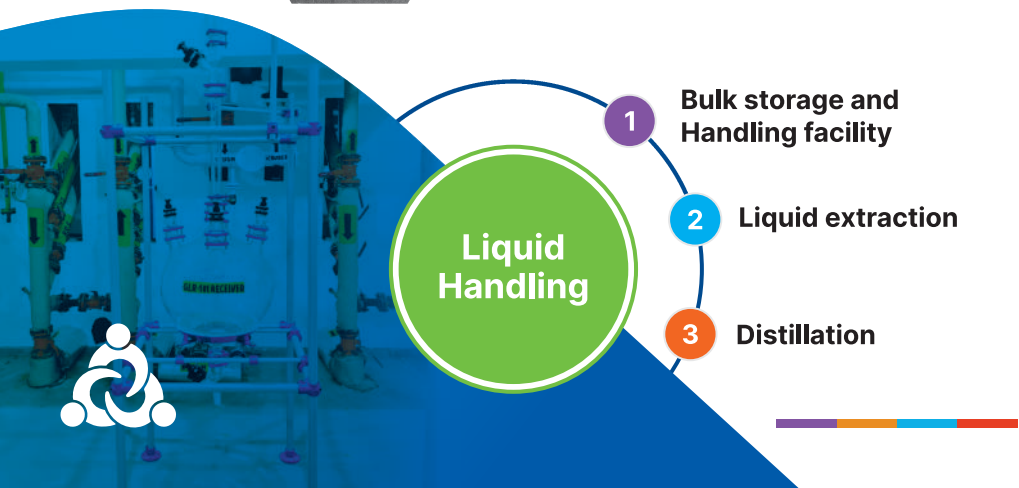

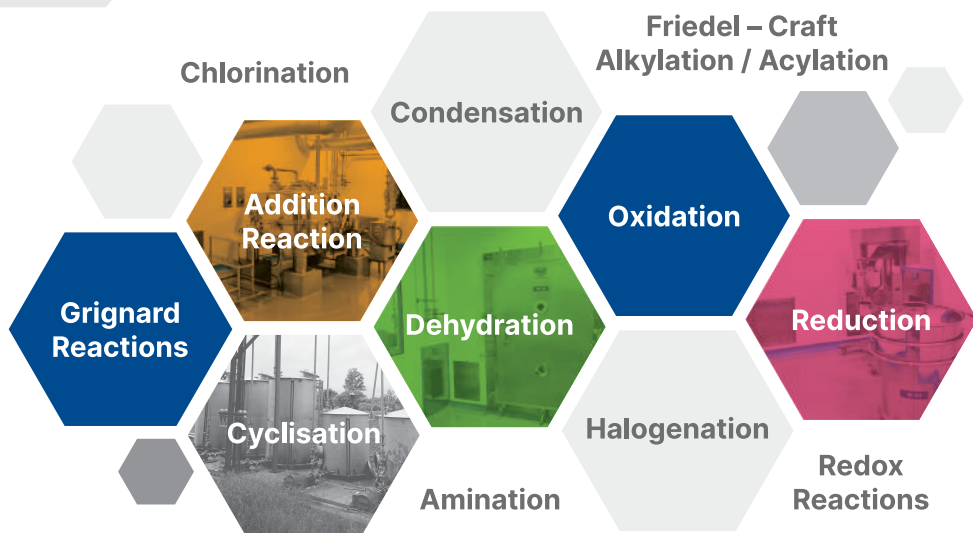

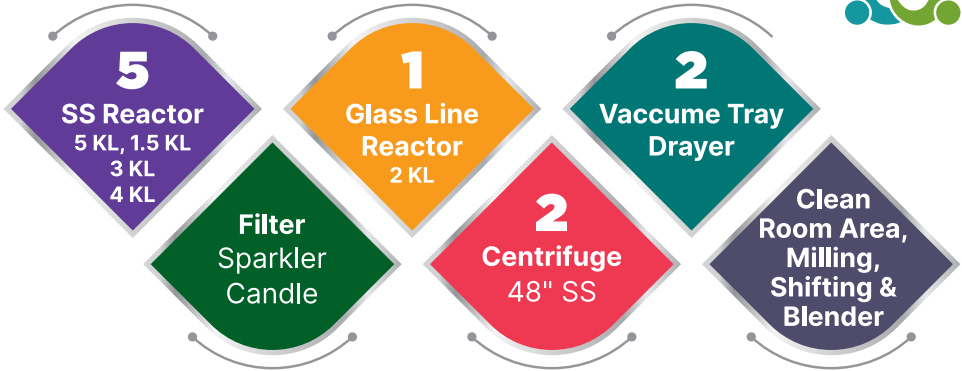

Established in 2021. We **Aviran Pharmachem** manufacturing quality APIs and Intermediates. Our team believe “Quality is an ongoing process of building and sustaining relationship”.

We continuously strive to meet the involving needs of the global healthcare industry. Delivering safe and effective therapeutic effect for improve patient compliance.

We have large green field project with R & D and pilot plant of total 77,722 sq. ft. and total building 23,250 sq. ft.

Chemical Reaction Expertise

Utility

- Boiler
- Chiller & Brine Plant
- Cooling Tower
- PW Plant
- ETP & MEE Plant
- Air Compressor
- DG Set
- Solvent Recovery
- Explosive Yard
- Vaccum Pump
- Hot Water System

QC Facility

- HPLC
- GC
- Stability Chamber
- Karl fisher
- UV
- Moisture Analyzer
- Weight balance
- pH Meter
- Melting Point Apparatus
- Vacuum and Hot Air Oven

R & D Facility

- 20 L Pilot Plant
- 50 L Pilot Plant
- 100 L Pilot Plant

Innovative
Solutions
and Trusted
Expertise
in API
Manufacturing

Product List

Sr. No.	Therapeutic Category	Product	Specification
1	Anti-Tussive/ Cough suppressant	Levocloperastine Fendizoate	IH
		Levodropropizine	IP/BP
2	Anti-Malarial	Artesunate	IP/Ph.Int
		Artemether	IP/Ph.Int
		Dihydroartemisinin	IH
3	Anti-Hypertensive	Nifedipine	IP/USP
