Our Vision :

- To be a consistent **innovator and leading manufacturer** of pharmaceutical formulations which enhance **accessibility and quality of life across the world.**
- To be an **pharmaceutical organization of repute, known for quality & ethics.**

Quality Policy :

We, at Wintech, commit to deliver pharmaceutical formulations that effectively **benefit patients globally for their intended therapeutic purposes**. In formulation, manufacture and marketing of all the products, we ensure the use of right **quality components**, care for proper packaging and comply with **current good manufacturing practices**. We create an environment that encourages improvement continuity of our employees and suppliers related to all our processes.

Marketing Philosophy :

Wintech's prime focus is to identify therapy gaps and bridge the same with innovative and therapeutic products helpful to patients.

Message From CMD :

We, at Wintech are committed to ensure that each and every product we manufacture and distribute, meets with globally accepted pharmacopoeial standards of quality, purity, efficacy and safety.

Future Plans :

- To set-up several state of the art GMP manufacturing plants to comply with USFDA, UK MHRA, MCC South Africa, HSA, Medsafe and EU standards.
- Strategic alliance and Tie-up with leading pharmaceutical firms across the globe. In-licensing of innovative & research based products from other countries for marketing in India.
- To ensure that Wintech's products are present in every Country within the next 10 years. Setting up of R&D facilities as per international pharmacopoeial standards for improvement and betterment in finished formulation development process to fulfill therapeutic need of patients worldwide.

Quality Assurance & Quality Control :

Quality is the foundation on which Wintech firmly stands and is able to grow as well as is keenly followed by Wintech's Team. Besides adhering to **WHO-GMP standards** and stringent in-house controls, regular internal quality audits are performed to ensure good quality products. All activities are monitored by Quality Assurance Department which ensures that all laid down procedures are followed in accordance with highly set pharmacopoeial and In-house quality standards as well as globally accepted GMP and cGMP standards.

We adopt & exercise stringent quality assurance protocols which are developed into the process for Raw Materials testing, In-Process Quality control and Quality checks of Finished products to deliver defect-free and consistently effective good quality finished products. Our quality control department is trained and well-experienced to make extensive use of sophisticated equipments like UV Spectrophotometer, HPLC, Dissolution Testing Apparatus, Disintegration Testing Machine, Hardness Tester, Friability Tester etc

Manufacturing :

Wintech's well designed Plant is situated in a pollution free area about 225 kms from Mumbai in Sinnar, Nashik and is equipped with latest technological developments.

We have facilities to manufacture **Tablets and Capsules**. We have enough **production capacity** to meet **bulk export commitments** consistently as per client's needs.
