Integrated pharmaceutical company

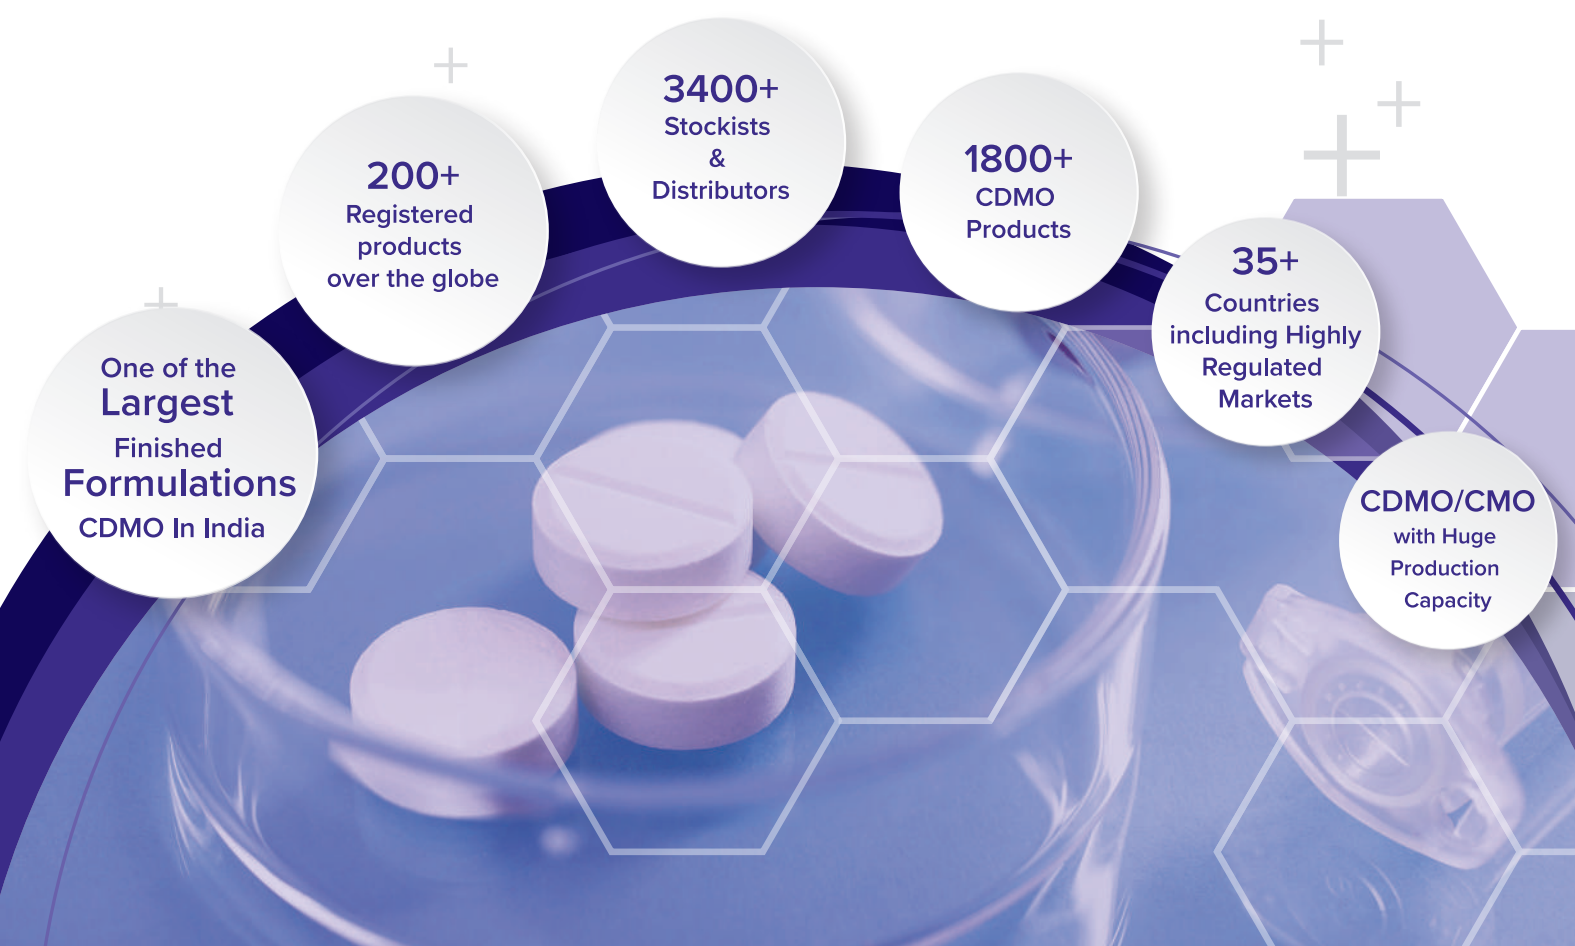

Present across pharmaceutical value chain including research & development, manufacturing, distribution marketing and exports.

We are an integrated pharmaceutical company in India with a presence across the pharmaceuticals value chain including research and development, manufacturing, drug distribution and marketing and exports.

We have a license to manufacture products at our state-of-the-art manufacturing facilities while maintaining WHO-GMP, EU-GMP, UKMHRA and other major registrations. With the support of our world class manufacturing facilities and a reliable supply value chain, we are continuously thriving to maintain highly efficient operations. The foundation of our Company is our in-house research and development ("R&D"), which helps to focus on to build an increasingly complex product portfolio and attract and retain customers. We proudly possess a strong team of 2000+ employees.

We are exporting to more than 35+ countries (Asian, CIS, Africa, Latam, Middle East and other regulated markets of EU Canada, UK, etc) and soon will be adding more markets in our portfolio.

We manufacture finished dosages in following therapeutic categories: Antibacterial, Cardiovascular Drugs, Antidiuretics, Anxiolytics, Anticonvulsants, Antifungal, Vitamins & Antioxidants, Antiallergic, Cough and Cold preparations, PPIs, Cephalosporin Range, Betalactam, Respules, Infusion, Ointments, Creams and other General Medicines.

R&D Center, Panchkula, Haryana*

DSIR approved Research & Development lab with functional pilot equipment and developed immediate release/extended release) novel drug delivery system (NDDS) formulations, supra bioavailability capsules, rapid release mouth dissolving tablets and nano particles formulations for increasing bioavailability.

*We are expanding new R&D center in Panchkula

Innova's New Greenfield Facility

Kathua, Jammu

Innova has proudly commissioned its state-of-the-art greenfield facility in Kathua, Jammu—one of the largest pharmaceutical manufacturing sites in North India. This milestone reflects our strategic commitment to expanding manufacturing capabilities, entering new product categories, and serving regulated international markets with high-quality, affordable medicines. The facility is designed with advanced infrastructure and clear segregation to support diverse formulations, ensuring compliance with global standards. It includes dedicated blocks for Beta-Lactam antibiotics and General Injectables, equipped to produce a wide range of dosage forms including tablets, capsules, parenterals, respules, and dry syrups. With this expansion, Innova strengthens its position as a reliable CDMO partner and a trusted provider of branded generics.
