

To be a globally preferred healthcare provider

We aspire to develop, manufacture, distribute
and market the highest quality healthcare
products in the most cost-effective manner.

RESPONSIVE — RESPECT — COLLABORATIVE — INTEGRITY — ADAPTIVE

ABOUT US

At VSI, we're committed to improving Human Health through Innovative Solutions

To be a globally preferred health care company by focusing on innovative, quality products & services resulting in enhanced value for our stakeholders.

Established in 1997, **V.S. International Pvt Ltd ("VSI")** is led by a strong combination of entrepreneurs with over 35+ years of experience, supported by an experienced team of professionals.

We have extended our presence across all the continents offering more than **300 products** across various therapeutic categories in varied dosage forms. To make healthcare affordable and accessible, we have penetrated deep in emerging markets **Africa, South East Asia and Latin America**. We have also successfully made a foray in regulated markets like **Australia, Canada, EU, UK and South Africa**.

Business Development

INNOVATION

Our Research & Development Team Is Dedicated To Finding New Solutions To Unmet Medical Needs

VSI is in relentless pursuit of **Enriching a Billion Lives by 2027**. To achieve this goal, we have ensured that our quality and affordable products are easily available and accessible to customers across 30+ countries. We continue to add more products to our basket to fuel growth of the organisation and to convert our big Ambitions into a reality.

Our state-of-the-art *Formulation Research & Development (FR&D)* and Analytical Development Laboratory (ADL) at Daman is approved by *Department of Science and Industrial Research (DSIR)*, Ministry of Science & Technology, Government of India. The Centre is run by qualified and experienced team of scientists.

Our aim is to ensure Quality by Design (QBD). Our culture of constant innovation has always inspired us to push ourselves to the limits and do constant research on new products and drug delivery platforms such as controlled drug delivery, multiple-unit pellets system, multi-layer tablet technology & gastro-retentive drug delivery.

BUSINESS DEVELOPMENT

Obsessed to Build Partnerships that Last

At VSI, we are driven by an unwavering dedication to advancing healthcare. Whether you aspire to elevate patient care, expand your product offerings, or foster strategic collaborations, our portfolio opens the door to transformative possibilities.

Dedicated Intelligence Team

Our team provides market intelligence for successful product launches and market entry.

Building Global Partnership

We focus on partnerships, ethical promotion, and African manufacturing to boost medicine self-sufficiency.

In-house Formulation

Our R&D team creates formulations, optimizes processes, and develops OTC products for global markets.

Efficient Supply Chain

We ensure secure, on-time product supply through meticulous order planning, monitoring, and transparent customer updates on order status and shipments.

Expertise In Regulatory Affairs

Our Regulatory Affairs team provides global ECTD/CTD dossiers for 100+ products across diverse therapeutic areas, with a focus on chronic therapies.
