About Us

Shamshree Lifesciences, established in 2006, is a rapidly growing pharmaceutical company committed to delivering high-quality, globally compliant healthcare solutions at affordable prices.

Our state-of-the-art manufacturing facility located in Baddi, Himachal Pradesh, India, is WHO-GMP & GLP certified and equipped with modern infrastructure and advanced manufacturing capabilities.

We specialize in the manufacturing of Dry Powder Injectable formulations, with a strong focus on Carbapenems and Cephalosporins. Our commitment to stringent quality standards ensures consistency, safety, efficacy and reliability across our product portfolio.

Our manufacturing facility has been audited and approved by various international accreditation and regulatory authorities, enabling us to serve diverse global markets. Today, our products reach customers across Africa, Latin America, Asia, Central America and CIS countries.

At Shamshree Lifesciences, we are dedicated to delivering high-quality, affordable pharmaceutical products that meet international standards and contribute to improving healthcare worldwide.
