

# We make Quality Medicines

Revolutionizing Healthcare Solutions

# ABOUT AVANTIKA

Avantika Medex Pvt. Ltd was established in 2007 by Mr. Lal Babu Singh and Mrs. Vibha Rani Singh. We are a pioneer in the manufacture, export, and wholesaling of pharmaceuticals with more than a decade's experience. We serve many countries which include Uzbekistan, Tajikistan, Kyrgyzstan, Armenia, Congo, Kazakhstan, Myanmar, Russia, Turkmenistan, Azerbaijan, Egypt, Nigeria, Sri Lanka, Ukraine, Belarus, Georgia, Moldova, and Philippines.

Additionally, we have built our presence in the Middle East, East Asia, South East Asia, and the Indian Subcontinent. Our product range spans both generic and over-the-counter (OTC) products which cater to hospitals, clinics, nursing homes, and medical institutions. Our strong emphasis on creating high-quality, and best-in-class products that conform to industry standards, has made us a reputable brand in Kazakhstan, Tajikistan, Kyrgyzstan, Philippines, Yemen, Mauritania, Ghana, Cambodia, and Uzbekistan. Our products are tested in accordance with current testing requirements and comply with global norms.

We started our production plant in the year 2019 at Gallops Industrial Park Ahmedabad, Gujarat. Our customers are at the heart of all our decisions and we continuously strive to offer world-class services to ensure 100% customer satisfaction. Owing to our customized packaging solutions, timely delivery, and good financial standing, we have managed to acquire a strong client base. Our uninterrupted efforts in innovating and delivering consistently superior products have enabled us to create a benchmark in pharmaceutical exports.

Entering into the European market is one of the major goal of 'Team Avantika' since past few years. Manufacturing facility of Avantika was audited by the EU-GMP Hungary in year 2023 for the four manufacturing lines including tablets, hard gelatin capsules, powder for sachet & semi solids (Gels, creams & ointments). And approval certification has been received for the inspected all four lines.

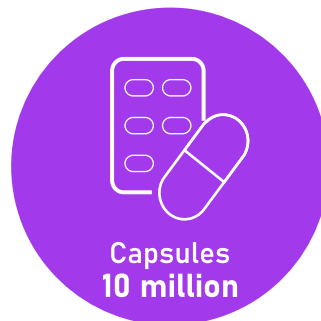

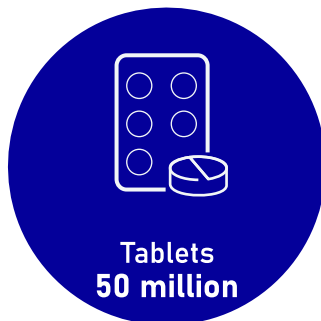

# OUR INFRASTRUCTURE

Our manufacturing site located at Gallops Industrial Park, Ahmedabad, Gujrat, is a multifunctional, EU-GMP and WHO-GMP certified facility with a plot area of approx. 6150 sq. meters and a total built-up area of approx. 4055.53 sq. meters, with dedicated packing lines for tablet filling, sachet filling, capsule filling, and semisolid filling.
