Passion For A Healthy Future

# About Us

---

Established on 03rd September 2013, our organization is a part of the esteemed Khambhatta Family, backed by a rich legacy of over 50 years of experience in pharmaceutical manufacturing. With deep-rooted industry expertise, we are committed to delivering excellence, innovation, and trust in every product we offer.

Our strong foundation is supported by associations with renowned pharmaceutical and machinery companies such as Expert Pharmaceuticals, Cadmach Machinery, Kambert Machinery, Kevin Technology, Kevin Process, and Kevision System. This extensive network enhances our capabilities and ensures we stay at the forefront of advanced pharmaceutical solutions.

We are a renowned manufacturer of Oral Solid Dosage (OSD) pharmaceutical finished formulations, delivering high-quality medicinal products that meet stringent global standards. Our focus on precision, safety, and compliance makes us a trusted name in the pharmaceutical sector.

## Our Competency

---

- High-quality equipment and advanced manufacturing infrastructure.
- Premium medicinal products adhering to global pharmaceutical standards.
- Robust quality systems aligned with international quality norms.
- Recognized international accreditations.
- Skilled and competent workforce.
- Continuous improvement practices aimed at achieving Six Sigma excellence.
- Strong commitment to consistent product quality and reliability.

## Our Commitment

---

We are dedicated to improving healthcare outcomes by delivering safe, effective, and high-quality pharmaceutical products. With a focus on innovation and continuous growth, we strive to exceed customer expectations and contribute to global healthcare advancement.

# Vision

---

To become a globally trusted pharmaceutical manufacturer, recognized for excellence in oral solid dosage formulations, driven by innovation, quality, and a commitment to improving healthcare outcomes worldwide.

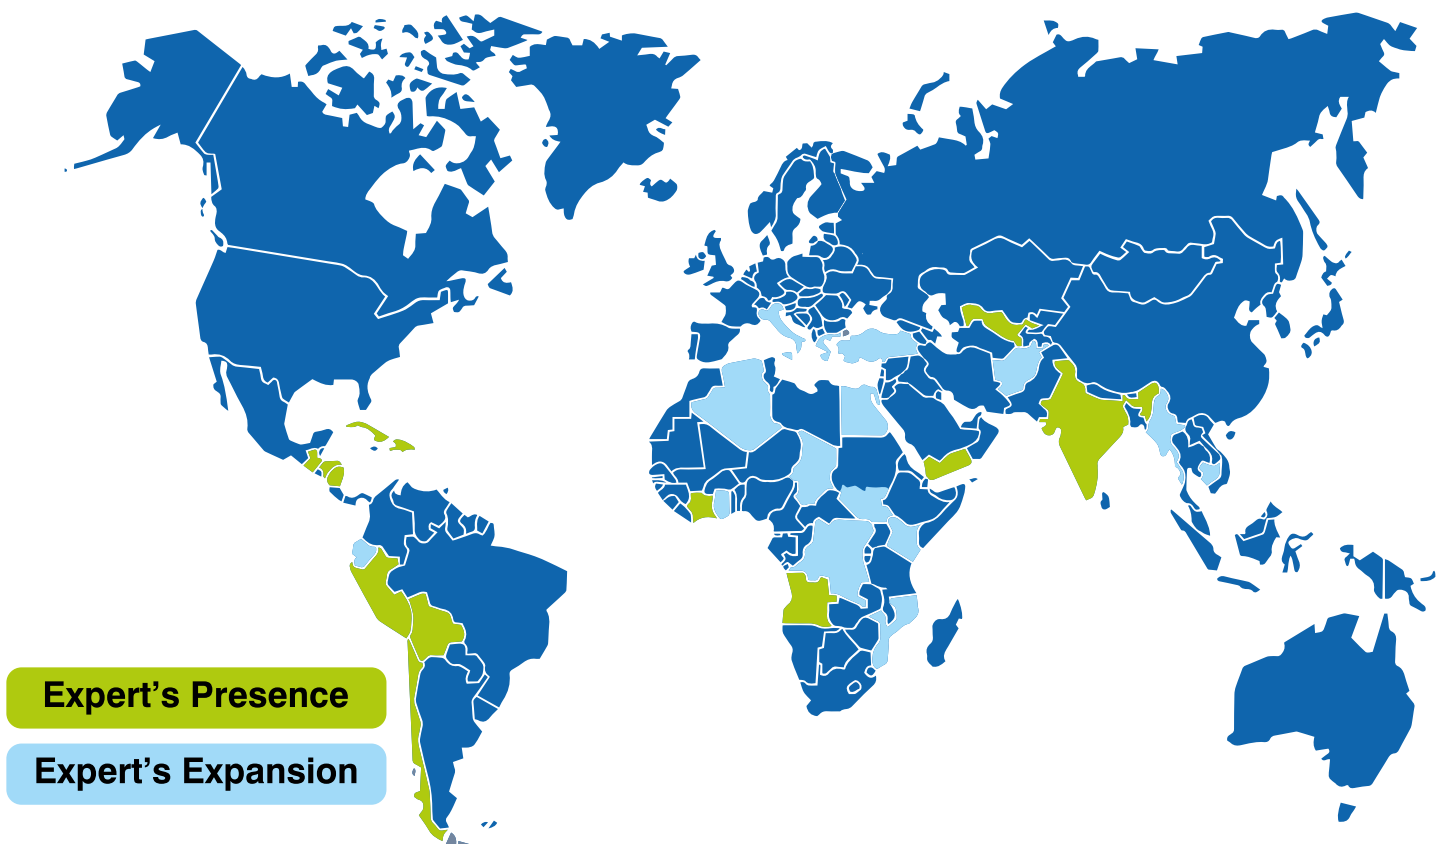

# Mission

---

- To manufacture high-quality pharmaceutical products that comply with global regulatory and quality standards.
- To continuously enhance our processes through innovation, advanced technology, and Six Sigma practices.
- To build long-term relationships by delivering reliable, safe, and effective medicinal solutions.
- To empower our organization with skilled professionals and a culture of continuous improvement.
- To expand our presence in international markets while maintaining the highest standards of integrity and compliance.

# Global Footprint

---

# Facility Overview

## Manufacturing Excellence

Our organization operates a state-of-the-art manufacturing facility spread across 6,500 sq. meters, designed to meet the highest standards of pharmaceutical production and compliance.

## Production Capacity

- 900 Million Tablets per annum.
- 120 Million Capsules per annum.

## Infrastructure & Technology

Equipped with advanced, high-precision machinery and modern equipment, our facility ensures efficient, consistent, and high-quality manufacturing processes aligned with global standards.

## Skilled Workforce

Our success is driven by a team of highly competent, experienced, and passionate professionals committed to excellence at every stage of production.

## Quality Commitment

We follow a zero-tolerance policy towards quality deviations, ensuring that every product manufactured adheres to stringent quality standards, safety norms, and regulatory requirements.
