

OUR COMPANIES CORE VALUES

"Our Company's foundation is built on our Values, which distinguish us and guide our actions. We conduct our business in a socially responsible and ethical manner. We respect the law, protect the environment and benefit the communities where we work."

LEADING MANUFACTURER AND EXPORTER OF
PHARMACEUTICAL RAW MATERIALS & FINE CHEMICALS

QUALITY ASSURANCE

Our aim is Quality Products and to achieve it we have developed a streamlined quality control procedure which is internationally acceptable for Quality Standards, Environmental Standards and also focuses on Good Manufacturing Practices & Food Safety norms. For better Quality Assurance we conduct tests during procurement, production, packing and also before distribution of our chemicals.

ABOUT US

KRISH CHEMICALS PRIVATE LIMITED established in the year 2008 has grown to become the largest manufacturer & exporter of ANTACID BULK DRUGS AND EXCIPIENTS. The company has manufacturing site located in Gujarat, India. The company was established by Mr. Jayesh M Shah with a strong support of Mrs. Ami J Shah who has an experience in this field from more than 35 years. The company has facilities for producing high grade products as per customer's specifications. The company has a capacity to manufacture more than 2800 MT per annum.

The company uses one of the most sophisticated technologies to manufacture the product with on line controls at various levels to ensure consistency of all the products which is been monitored and handled by well experienced technicians and engineers. The products are manufactured right from the reaction till the packing of the material in closed system. We use SPIN FLASH DRYER to manufacture all our products which makes it free from Microbes and Foreign Particles.

Our aim is to achieve complete customer satisfaction by providing quality products at a reasonable cost backed by timely deliveries and after sales support.

"We satisfy our customer with the good service; a better price and the best material from all other manufacturers"

---a winning combination indeed.
