

EMPREE MEDICAMENTS THE COMPANY

With a commitment for improving the Quality of life of the sick and suffering, Empree Medicaments stepped into healthcare field way back in 1984. Ever since then, total care has been the company's corporate philosophy. The same was converted into dream reality by setting up ultra modern plant at Pune-Bangalore Road, Belgaum, in the year 1991.

The company is conceived, envisaged and promoted by team of dedicated, experienced Pharma Production & Marketing Professionals joining hands together to mark the beginning of Empree Medicaments.

Empree Medicaments - THE WINDS OF PROGRESS. With a commitment for improving the quality formulations Empree Medicaments stepped into healthcare industry with an ultra modern factory meeting norms of W.H.O, G.M.P. At Empree, we believe that QUALITY and SPECIALISATION is a prime importance to sustain leadership position. Empree derives its strength from its people - A committed team comprising of professionals with vast experience in the field of pharma formulation, R & D, Quality Control and Marketing. Their expertise and tenacity is the cornerstone of Empree's success.

Quality being the hallmark of Empree, a well equipped Quality Control Laboratory with modern sophisticated testing instruments was setup simultaneously. This along with complete human products section comprising of Tablet, Capsule, Powder and Syrup to meet the never ending demand of pharma industry has been set up by skilled team of professional's men and women creating synergy between man, machine and technology.

Our consistent effort has brought us a reward for 'Excellence in Productivity, Quality, and Innovation & Management' in March, 1998. We have received a prestigious award 'UDYOG RATTAN AWARD' by Institute of Economical Studies.

EMPREE MEDICAMENTS THE CONTRIBUTION

Disease and suffering knows no boundaries. With the goal of widening its wings and reaching the benefits of its quality products in different parts of the world, the activities of Empree Medicaments, has now taken a global dimension. The company is exporting in a major way to countries like Conakry, Mauritania, UAE, Myanmar, Saudi Arabia, Sudan, Ghana, R. D. Congo, Sri Lanka, Mali, Nigeria, Vietnam etc., through Merchant Export & Direct Export.

Empree Medicaments consists of departments for Tablets, Capsules, Syrup, Powder, Food & Nutraceuticals, Veterinary Products: Bolus, Suspension & Powder, Effervescent section for powder & sachets. Soon we are starting with our New R&D Centre.

Presently the marketing activities encompasses six states of India like Bihar, Uttar Pradesh, Maharashtra, Andhra Pradesh, Karnataka & Goa with a wide distribution network and being people oriented thoroughly trained, the success story of Empree Speaks of the commitments of all its personnel. The professional style of management, innovative approach and most important the burning desire to succeed and serve the ailing humanity through medical fraternity.

During the past 25 years tenure, Empree has taken stupendous leap forward in sales. Today the turnover exceeds with enviable growth rate of over 50% per annum. This has helped Empree to grow in size and stature substantially.
