ACCREDITATIONS & CERTIFICATIONS

EXPECTED COMPLIANT ACCREDITATIONS

COOPER PHARMA LIMITED is a group company of Cooper Pharma, found in 1959, by a well known and visionary pharmacist Dr. O.S. Bhargava at Delhi. Cooper gradually but solidly spread its network throughout the branded generics and ethical segments across 25 states of India and become a hallmark of quality and efficacy for its 450 distributors & 8000 retailers. It started exports in the year 1991 with a range of specialized products across segments & dosage forms. Within a short span of few years exports surged and soon accounted for 60% of the total turnover.

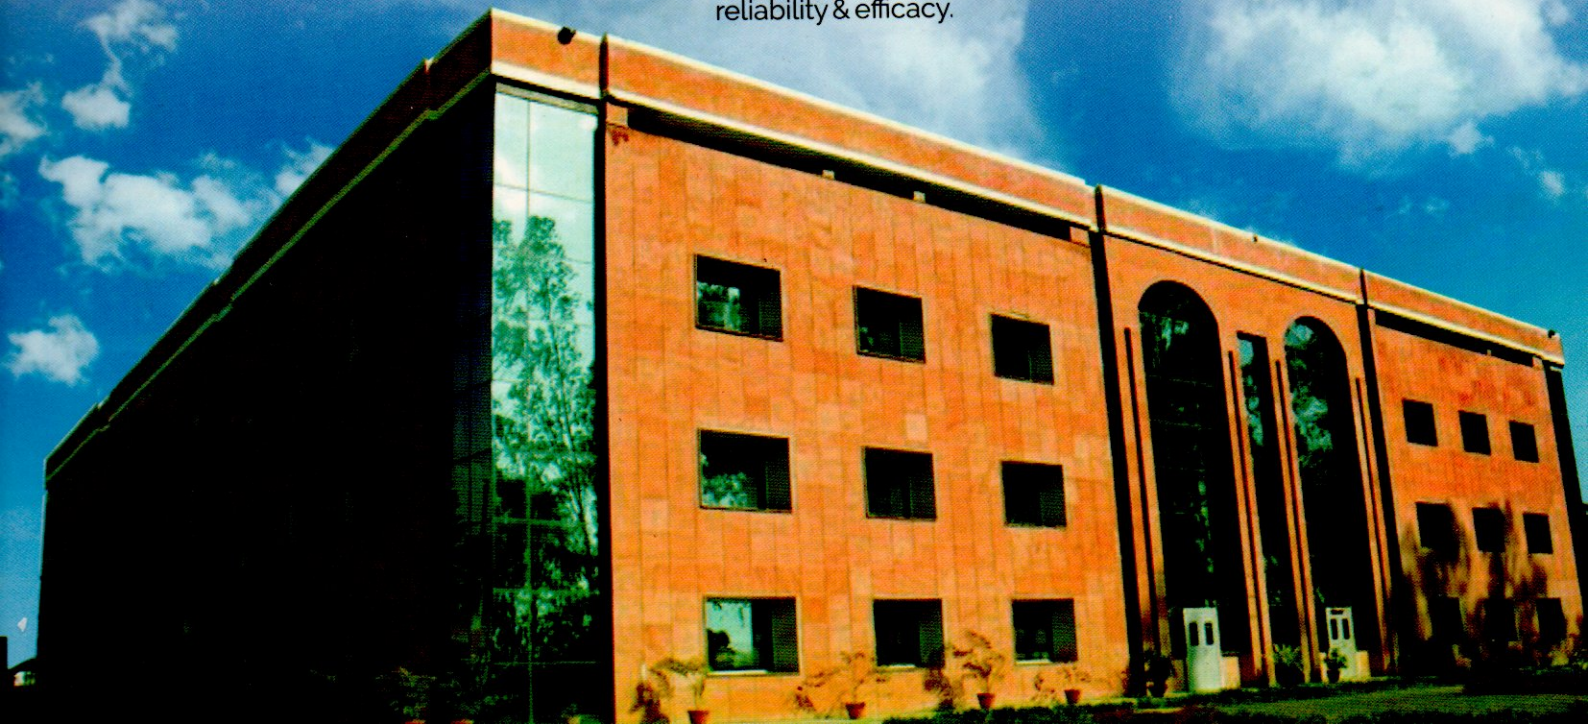

COOPER PHARMA is currently headed by Mr. Rakesh Bhargava, a renowned Pharmacist with over 30 years of experience. He was instrumental in setting up a state of the art manufacturing facility in Dehradun, the capital of the hill state of Uttarakhand, dedicated to exports.

COOPER PHARMA has been awarded cGMP, WHO-GMP & ISO 9001:2008 certifications and approvals & accreditations from over 30 countries for meeting the highest quality norms and parameters. The plant conforms to International standards like USFDA, UKMHRA & TGA-Australia and efforts are underway for accreditation.

Commitment to Quality

Since medicines are all about human lives, health & well being, commitment to quality is a way of life for Cooper. Cooper has a dedicated area of more than 10,000 Sq. ft exclusively for Quality Assurance / Quality Control activities. The fully equipped QC Department has latest state of the art equipments such as HPLC, IRs GCs, ToC, Stability Chambers & Incubators among other instruments and a fully equipped Microbiology Lab. Quality Consciousness begins at the time of procuring the APIs and other materials for production, which are procured from approved reputed vendors. The Materials are thoroughly tested before use in production and are subjected to various IPQC tests during production, microbial tests and the environment and utilities are continuously monitored on a real time basis.

Cooper has achieved many awards and acclamations both at the state and national levels for its highest standards of quality, reliability & efficacy.
