

Our Esteemed Clients

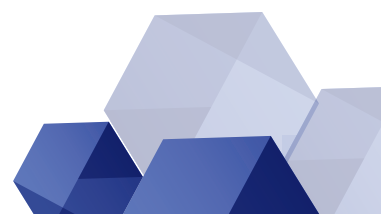

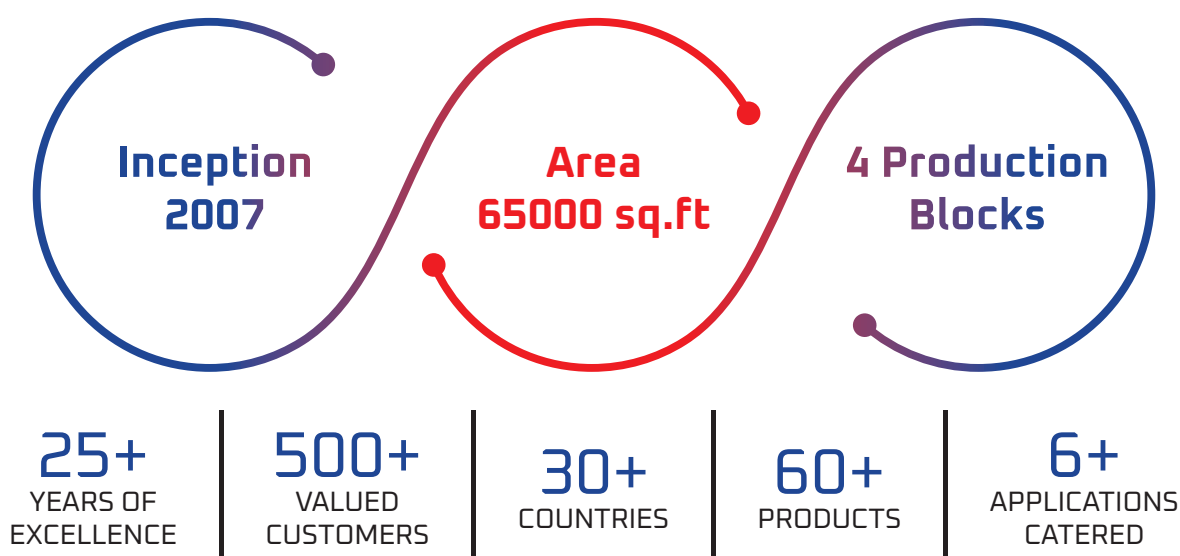

Who We Are

We are one of the India's largest Manufacturing Company with **WHO GMP** in pharmaceutical, Food, Nutra, Agri, Cosmeticv And Other Chemical Industries. Our facility features dedicated manufacturing blocks for individual product categories, ensuring sustainable focused and streamlined production. We take pride in our fully equipped, in-house integrated microbiology and R&D laboratories, enabling us to maintain the highest standards of quality and innovation. Our auditable manufacturing infrastructure is designed with advanced HVAC systems and pollution control measures, meeting global compliance and safety standards. With a commitment to excellence, precision, and continuous improvement, we deliver products that meet the highest expectations of quality and safety.

"This is not just a business for us; it's a commitment to empowering our partners to create better, safer products for a healthier world."

Our Products

PHOSPHATES

CHLORIDES

CITRATES

Phosphates

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
Di Calcium Phosphate Dihydrate (IP/BP/EP /USP/FCC)	7789-77-7	Excipient Binder /Calcium Supplement	Food Fortification	Calcium & Phosphorus Supplement	Calcium Supplements	Plant Growth
Di Calcium Phosphate Anhydrous (IP/BP/ EP/USP/ FCC)	7757-93-9	Tablet Binder/ Excipient Binder/ Calcium Supplement	Nutrient Fortifier	Calcium & Phosphorus Supplement	Dietary Supplements	Soil Conditioner
Tri Calcium Phosphate Anhydrous (IP/BP/USP/EP/NF)	7758-87-4	Calcium Supplement	Anti-Caking Agent	Calcium & Phosphorus Supplement	Health Supplements	Soil Conditioner
Mono Calcium Phosphate (Food/Pharma)	7758-23-8	Calcium Supplement and ph buffer	Leavening Agent in Baking	Source of Phosphorus & Calcium	Dietary Calcium Sources	Soil Conditioner/ Plant Growth
Di Sodium Phosphate Anhydrous/ Dihydrate/Heptahydrate (IP/BP/EP /USP /FCC)	7558-79-4	Used in laxatives & as a PH Buffer	Emulsifier in Processed Food	Prevent Calcium Scale Formation	Nutrient Supplements	Phosphorus Supplement for Soil & Plant
Mono Sodium Phosphate Anhydrous/Dihydrate (IP/BP/EP/USP/FCC)	7558-80-7	Use in laxatives & as a PH Buffer	Buffering Agent /Acidulant & Emulsifier	Increasing Fluid in Small Intestine	PH Regulator/ Nutrient Supplements	Water Treatment/ Phosphorus for Soil & Fertilizers
Tri Sodium Phosphate Anhydrous /Heptahydrate /Dodecahydrate (IP/BP/EP /USP /FCC)	7601-54-9	PH Buffer & Emulsifier	PH Regulator & Emulsifier	Control of Salmonella on Poultry	Nutrient Supplements	Soil Conditioner & Cleaning Agent

Chlorides

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
Sodium Chloride (IP/BP/EP/USP/FCC)	7647-14-5	Electrolyte Replenisher/ Parentrol	Seasoning Preservative	Water & Electrolytes	Taste Enhancer	Pesticide/ Herbicide
Potassium Chloride (IP/BP/EP/USP/FCC)	7447-40-7	Electrolyte Replenisher/ Parentrol	Low-Sodium	Prevent Undernutrition	Potassium Supplement	Potassium for Plant Growth
Calcium Chloride Dihydrate/Anhydrous (IP/BP/EP/USP)	10043-52-4	Calcium Replenisher For Hypocalcaemia	Firming Agent in Canned Vegetables	Sterilant	Calcium Supplement	Enhance Calcium Uptake
Ammonium Chloride (IP/BP/USP)	12125-02-9	Antiperspirants	Emulsifying Agents	Various Chemical	N/A	Catalyst
Magnesium Chloride (IP/BP/EP/USP/FCC)	7786-30-3	Magnesium Deficiency	Magnesium Deficiency	Fortification	Mineral Deficiency	Promotes Seed Germination

Citrates

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
Sodium Citrate (Tri Basic) Dihydrate (IP/BP/EP/USP/FCC)	6132-04-3	ORS	Emulsifier & Buffering Agent in Beverages	Treatment of Mastitis in Cows	Buffering Agent in Health Drinks	Buffers & Food Preservatives
Di Sodium Hydrogen Citrate (IP/BP/EP/USP/FCC)	144-33-2	Used to Treat Urinary Tract Infections	Ph Regulator in Beverages	Treatment of Urinary Tract Problems	Ph Buffer in Supplements	N/A
Sodium Citrate (Tri Basic) Anhydrous (USP)	68-04-02	Ph Regulator in Medications	Emulsifier & Buffering Agent in Foods	Buffering & Antibacterial Properties	Mineral Supplements	N/A
Citric Acid Monohydrate/Anhydrous (IP/BP/EP/USP/FCC)	77-92-9	Ph Regulator & Preservative in Medications	Acidulant, Preservative in Beverages	Acidity Regulator in Feed & Drinking Water of Animal	Used in Tablets & Health Drinks	Soil Ph Regulator
Calcium Citrate (USP)	813-94-5	Calcium Supplement	Calcium Fortification	Increases Calcium Levels	Calcium Source in Dietary Supplements	Farmers & Growers Can Harness Foliar
Calcium Citrate Malate (IP/USP)	142606-53-9	Calcium Supplement	Absorbed Calcium for Food Fortification	Trabecular Bone Formation	High Absorption Calcium Source for Supplements	Farmers & Growers Can Harness Foliar
Potassium Citrate (IP/BP/EP/USP/FCC)	866-84-2	Used for Electrolyte Balance	Potassium Fortification in Beverages	Feed Preservation	Potassium Supplement in Dietary Products	Plant Growth
Magnesium Citrate (BP/EP/USP/FCC)	3344-18-1	Used to Treat Magnesium Deficiencies	Magnesium Fortification in Food	Treats Occasional Constipation	Magnesium Supplement	N/A

Ferrous

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
Ferrous Fumarate (IP/BP/EP/USP/FCC)	141-01-5	Iron Supplement for Anemia	Iron Fortification	Iron Deficiency Anaemia	Iron Supplement	N/A
Dried ferrous sulphate (IP/BP/USP)	7720-78-7	Iron Supplement	Dietary Ingredient	Iron Supplement for Animals	Iron Supplement	Soil Amendment
Ferrous Sulphate Heptahydrate/Monohydrate (IP/BP/EP/USP)	7782-63-0	Used as An Iron Supplement	Fortify Foods	Effective Source of Iron	Iron Supplement	Soil Amendment
Iron III Hydroxide Poly Maltose Complex (FCC/Pharma)	53858-86-9	Iron Supplement for Anemia	Iron Fortification	Iron Deficiency Anemia	Iron Source for Supplements	N/A
Ferric Pyrophosphate (FCC/Pharma)	10058-44-3	Iron Source for Anemia Treatment	Iron Fortification in Foods	Iron Deficiency Anemia	N/A	Micronutrient Fertilizer
Ferric Ammonium Citrate (IP/BP/EP/USP)	1185-57-5	Iron Supplement for Anemia	Used in Salt Mixes/Anticaking Agent	Anticaking Agent	Iron Source in Dietary Supplements	Iron Source for Agricultural & Horticultural

Gluconates

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
Ferrous Gluconate (IP/BP/USP)	299-29-6	Iron supplement	Treat Iron Deficiency Anemia.	Satisfactory Reticulocyte	Treat Iron Deficiency Anemia	N/A
Zinc Gluconate (IP/BP/USP)	4468-02-4	Supplement	Dietary Supplement	Nutritional Supplement	Zinc Deficiency.	Metabolic Reactions
Calcium Gluconate (IP/BP/USP)	299-28-5	Indicated for Hypocalcaemia, Cardiac Disease etc	As Mineral Supplement	Calcium Source with Symptomatic Hypocalcaemia	Used to Treat Conditions Caused by Low Calcium Levels	Nutrient in Agriculture
Magnesium Gluconate (IP/BP/USP)	3632-91-5	To Treat Low Blood Magnesium	Supplemental Ingredient/ Fortification	Nutritional Supplement	Dietary Supplement	Folic spray
Potassium Gluconate (IP/BP/EP/USP/FCC)	299-27-4	Potassium Source/Systemic Alkalizer	Acidity Regulator, And Nutrient Source	Food Additive	Dietary Supplement	Fertilizer/Crop Quality

FERROUS

GLUCONATE

CHEMICALS

Lactate

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
Sodium lactate (IP/BP/USP/FCC)	72-17-3	Electrolyte and Alkalinizing Agent.	Preservative	Rehydration and Electrolyte	Hydration	Fertigation Solutions
Calcium Lactate (IP/BP/USP/FCC)	814-80-2	Calcium Supplement	Calcium Fortifier	Dietary Calcium Source	Bone Health Supplements	Foliar Spray
Magnesium lactate (IP/BP/USP/FCC)	18917-93-6	Magnesium Deficiency	Magnesium Fortifier	Magnesium Supplement	Energy Supplements.	Magnesium Deficient Soils
Potassium lactate (IP/BP/USP/FCC)	996-31-6	Potassium Replenishment.	Preservative	Potassium Source	PotassiumBased Rehydration Formulas	Liquid Fertilizers
Calcium Lactate Gluconate (FCC)	11116-97-5	Calcium Deficiencies	Fortified Food	Dietary Supplements	Food Formulation	Chelating Agent

Chemicals

Product (Grade)	CAS	Applications				
		Pharma	Food	Feed	Nutra	Agri
SILVER SULPHADIAZINE (IP/USP)	22199-08-2	Antibacterial Agent for Wound Care/ Burn	N/A	Treat Skin Infections & Burns	N/A	N/A
SILVER NITRATE (AR/LR/INDUSTRIAL)	7761-88-8	Antiseptic & Used in Laboratory Reagents	N/A	Preventing Wound from Becoming Infected	N/A	N/A
POVIDONE IODINE (IP/BP/USP)	25655-41-8	Topical Disinfectant	Microbial control	Livestock disinfection	Hygiene Formulations	Zinc Source for Fertilizers
ZINC SULPHATE MONO/HEPTA	7446-19-7	Zinc Deficiency	Dietary Supplements	zinc Supplements	N/A	Foliar Application
CALCIUM CARBONATE HEAVY/LIGHT	471-34-1	Used in Calcium Supplements	Calcium Fortification	Kills Bacteria. Fungi, Viruses,	Calcium Supplement	Used Amendment to Neutralize Soil Acidity
SODIUM BI CARBONATE (IP/BP/EP/USP)	144-55-8	To Relieve Heartburn & Acid Indigestion	Anticaking Agent	Dietary Supplements, Fortified Foods	Ph Buffering Agent	Soil Ph
MAGNESIUM SULPHATE (IP/BP/EP/USP)	7487-88-9	Magnesium Supplement	Magnesium Fortification	Electrolyte Replacement	Health Supplements as Acidulant	Fertilizers/Soil Conditioner
FUMARIC ACID (IP/BP/EP/USP)	110-17-8	Acidulant In Pharmaceuticals	Acidulant In Beverages	Feed Additive	N/A	N/A
MALIC ACID (FCC)	6915-15-7	Excipient	Acidulant	Additive	Energize	pH Regulator
SODIUM PROPIONATE (FCC)	137-40-6	Antifungal	Preservative	Preservative	Stabilizer	Preservative
CALCIUM PROPIONATE (FCC)	4075-81-4	Antifungal	Preservative	Preservative	Stabilizer	Preservative
SODIUM BENZOATE ((IP/BP/USP/FCC)	532-32-1	Preservative	Preservative	Additive	N/A	Additive

Manufacturing Facility

QA

- The quality management system deals with the approval/authorization, distribution, control, review and storage.
- A team of highly skilled professionals undertake the inspection, quality audits, and review of product specification.
- The Experienced team follows test procedures, validation, qualifications, calibration program and environmental control.

QC

- The quality control department is equipped with the most advanced testing equipments that ensures the best quality.
- The product is tested by following the stringent methods mentioned in the pharmacopeia at different stages from raw material to in-process to finished goods to ascertain no product recall.
- Each batch undergoes multi-point analytical checks with precision instruments, ensuring uniformity, stability, and traceability

Why Us?

- 100 % regulatory support.
- Competitive pricing.
- In house integrated microbiology lab.
- Client-first flexibility in packaging, mesh sizes and blends.
- Optimized logistics through combined shipments and efficient cost structures.
- Dedicated client support team offering fast response and technical assistance.
- Prioritizing sustainable practices.
- Global Reach with Local Presence and Support.
- We have worldwide dealer network.

R & D

- Our team is not only about product innovation but also about process excellence. We focus on: Enhancing excipient functionality to improve formulation performance.
- Developing low-emission, resource-efficient production methods. Prioritizing sustainable practices through low-waste and low-emission technologies.
- Custom solutions co-created with clients for specialized applications.
- Advanced validation protocols to accelerate market readiness for new ingredients.

- Be the most trusted global company.
- Set the benchmark for quality and consistency
- Ensure to follow regulatory norms in every ingredient

- To deliver ingredients with top-tier purity and performance
- Meet the highest global standards
- Empower clients to create better products

- Consistency over claims - every batch must speak for itself
- Compliance without shortcuts - regulations
- Pride in precision - quality is not what we check, it's what we build

- Quality is proven, not claimed
- Documentation ready
- Customer-aligned Process-driven

- Sustainable production
- Eco-friendly waste management
- Community support
- Regulatory compliance
