A region with India's highest  
per capita income

## Ideal Climate

Good weather  
& low humidity all  
year

Mahabaleshwar  
hill station ~40 km away

12 – 22 Celsius in winter;  
28 – 38 Celsius in summer  
Perfect for efficient pharma  
manufacturing

# WHY PARTNER WITH US?

## Manufacturing Facility

- Fully equipped
- Exceptional capacity
- High-quality results

## Our World-class...

## Load Location

- Easy transportation
- Close proximity to resources
- Greater reach
- Faster delivery
- Enhanced logistics

## Quality Products

- Meet the highest quality standards
- Consistency in strength, purity and calibre
- High efficacy with greater safety
- Longer shelf-life

## Customer Satisfaction

- Positive reviews and feedback
- Assurance of fast/timely delivery
- Effective customer service
- High Quality yet reasonable
- High responsiveness

## Cost Efficiency

- Increased profitability
- Reduced waste

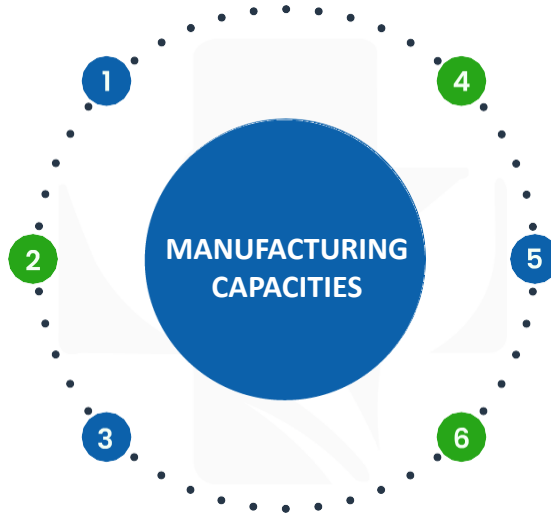

# MANUFACTURING CAPACITIES

**Integrated Granulation Line**  
-120 Kgs  
total weight batch size
