 **HOF**[®]
pharma
a better tomorrow

Company Overview

HOF Pharmaceuticals Limited is a part of the HOF group of companies that has a leading presence in Furniture, Infrastructure and allied industries with an experience of more than 35 years in the manufacturing industry.

Quality, Integrity, Transparency and Customer service are the four pillars on which we have established ourselves and are sure of our growth in the coming times.

Our board members comprise of the best brains in the pharmaceutical industry who

individually have more than three decades of work experience with the top Global and Indian pharmaceutical companies.

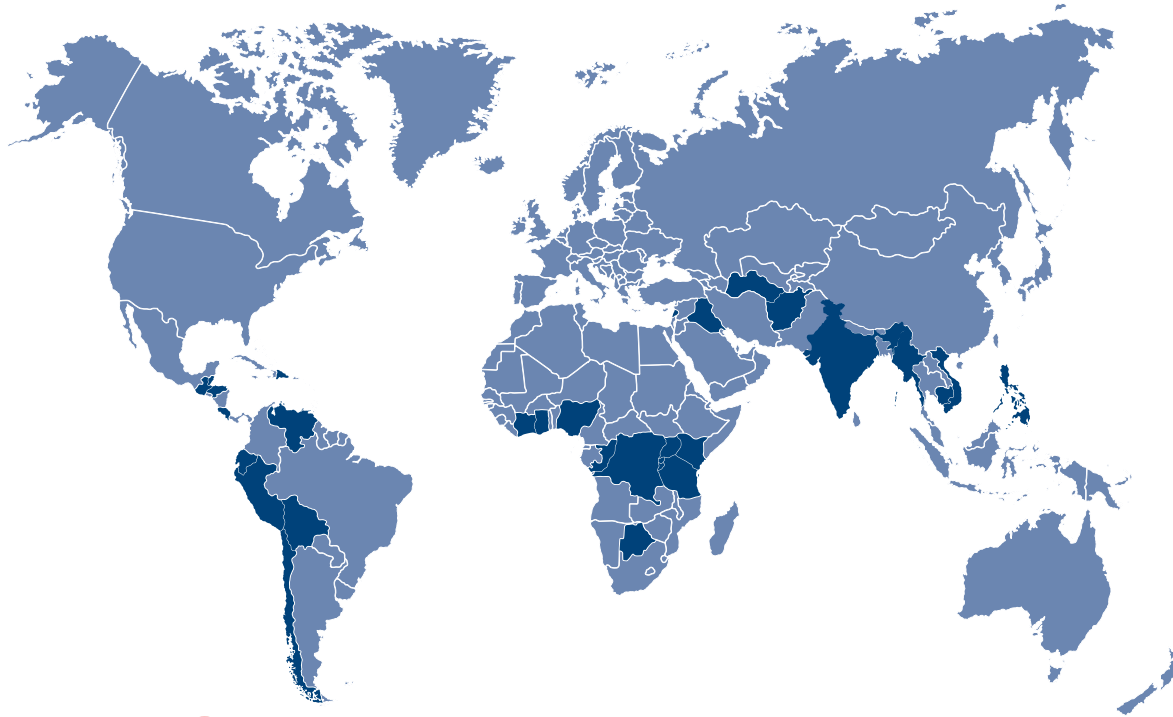

In addition to that, the senior management is aptly supported by young managers who come from a business background and are principally responsible for implementing the strategies and working on the feedback which leads to continuous improvement in our company.

We are a WHO-GMP certified and EU-GMP compliant manufacturing facility of Tablets, Capsules and Oral Liquids.

We also offer contract manufacturing services.

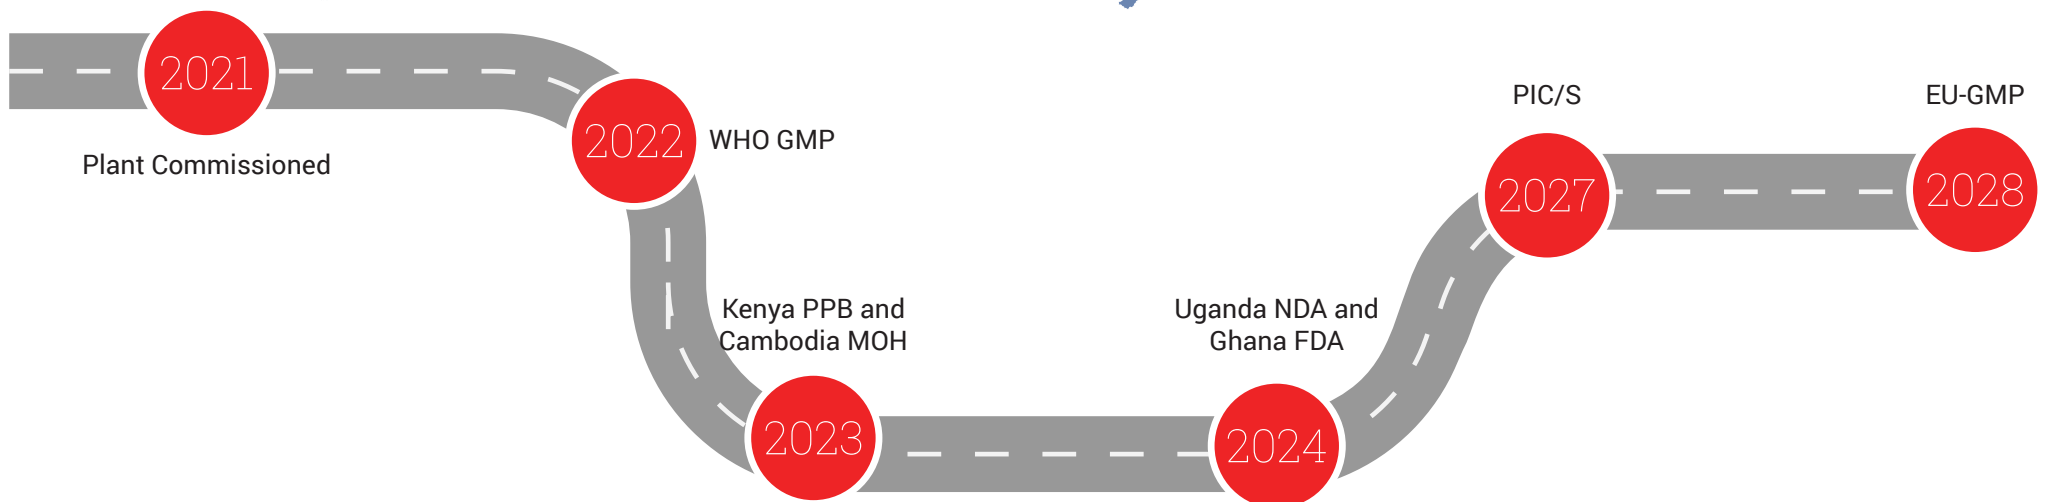

Our Global Presence

India | Kenya | Rwanda | Burundi | Uganda
Tanzania | Ghana | DRC | Botswana | Bolivia
Ecuador | Venezuela | Peru | Chile | Costa Rica
Guatemala | Honduras | Dominican Republic
Iraq | Lebanon | Myanmar | Cambodia | Vietnam
Philippines | Belize Congo | Ivory Coast | Nigeria
Afghanistan | Turkmenistan

Our in-house Regulatory support ensures that all our products comply with regulations laid by individual countries and industry standards.

Company Philosophy

"Contributing towards people's healthcare through manufacturing high quality, reliable and sustainable pharmaceutical products." With this philosophy, we aim to contribute to health improvements with better treatment options as we are engaged in innovative & quality manufacturing of Tablets, Capsules and liquid formulations.

To go beyond all others in exploring and tapping the potential of life sciences and to support healthy living for people around the world.

To continue tackling new challenges and manufacturing innovative pharmaceutical products.

To deliver quality products along with best packaging and accurate information and retain solid credibility among customers.

Core Values

Quality

Quality is an integral part of our products and company. Stringent quality parameters and SOP's ensure that every product leaving our factory is at par with products that are a gold standard.

Professionalism

Our professional approach ensures that every segment of client is respected and attended to with equal enthusiasm.

Responsiveness

Timely response to customers is a vital success factor and we ensure speedy reverts and delivery of products.

Flexibility

We practice flexibility and accommodate urgent requirements along with small and big batch sizes.

Mission & Vision

Mission

Our mission is to serve humanity with quality medicines that spread the joy of good health and thus ensure a better tomorrow.

Vision

We will occupy a prime position in the pharmaceutical industry through stringent quality practices in all our activities, right from manufacturing to customer service. We aim to mark our presence in top global markets around the world.

QUALITY POLICY

We at **HOF** would like to commit to quality in every aspect of business - be it manufacturing, sales and marketing, product development and customer focus.

We shall achieve this by maintaining an effective QMS
(Quality Management System).

We shall evaluate the effectiveness of this QMS & make necessary improvements.

Our quality policy will cover safety, health & environment of our employees in terms of training and development of skills set in order to contribute towards QMS.

Our customer focus will remain paramount in ensuring customer satisfaction for our products.

CHAIRMAN

Quality Policy

Quality Standards

Equipped with the latest testing equipments and backed by qualified and experienced staff, the Quality control and in-process quality control departments ensure that our products are of top quality.

Stringent quality control

We follow all the GLP and GMP practices to deliver you the top quality products that are equivalent to formulations from multinational companies.

Compliant to International Standards

Our manufacturing plant, machinery and processes are compliant with the standards laid down by CFR – Code of Federal Regulations Title 21 part 11.

Board of Directors

Professional management

The senior management being a perfect combination of experienced managers and the younger second generation who add value through their energy and new ideas, our clients are assured to get professional services and total customer satisfaction.
