About us

The Sanskrit word “Sarathi” is multi-layered. At the basic level, it means a charioteer or a driver. At a higher level, it is used for Lord Krishna, a Hindu God, who was the charioteer for the warrior Arjuna in his fight against the evil forces. In that role, Lord Krishna was also a life-coach, a reliable counsel and a partner for Arjuna.

Sarathi is a six year old dedicated β -lactam WHO-GMP approved finished pharmaceutical manufacturing company present globally in more than 30 countries.

Vision

To be a prominent and reliable pharmaceutical company by creating belief, maintaining integrity and exploring innovations in efforts to confirm and ameliorate the physical and moral well-being of society.

Mission

- To maintain highest standards of integrity in all conducts
- To deliver premier quality products and services to clients and society at affordable price
- To explore new challenges to create innovative pharmaceutical products
- To be loyal to our clients and associates by protecting their IPR.
- To uphold the given commitments over professional benefits.
