Globela®

"Every Life Is Precious"

**Experienced Manufacturer of
Semi Finished & Finished Dosages**

EU GMP,
WHO GMP & ISO Approved
Manufacturing Company

- ✦ Dedicated **Oral Solid Dosage** Facilities
(Tablets, Capsules, Dry Oral Powder)
- ✦ Dedicated Facility for **Anti-Cancer**
(Cytotoxic Oral solid dosage formulations)
- ✦ Dedicated **Cephalosporins** Facilities
(Tablets, Capsules, Dry Oral Powder)
- ✦ Direct **Compression Granules** Manufacturing
- ✦ DSIR Approved In House **R&D Center** (CRAM)
- ✦ **API & Intermediate** Manufacturing

We believe in

"QUALITY, COMMITMENT, SERVICE"

At Globela we are committed to provide high quality pharmaceutical formulations in various forms with a team of qualified & experienced technocrats in R&D, QA, QC & Production function.

**GLOBELA HAS A ROBUST
INFRASTRUCTURE**

**TEAM OF MORE THAN
800 PEOPLE**

**CONTRACT RESEARCH &
MANUFACTURING SERVICES**

**TECHNOLOGY TRANSFER &
DOSSIER PREPARATION**

ONCOLOGY (ANTI CANCER)

We have dedicated EU GMP & WHO GMP approved facility for Oncology solid oral dosages along with dedicated utilities and team of qualified & Experienced technical staff.

CEPHALOSPORIN

Globela has a dedicated OSD Cephalosporin manufacturing facility with EU GMP certification that complies with 21 CFR and one of India's largest manufacturers of Cephalosporin finished formulations.

DOSAGE FORM TECHNOLOGY

ENTERIC COATED PELLETS
 UNCOATED TABLETS
 FILM COATED TABLETS

| ★ Anti Hypertensive | ★ Anti-Diabetics | ★ GIT & Many more..... |

TASTE MASKED & DIRECT COMPRESSION GRANULES

Pharmaceutical Formulation Intermediates DC (Direct Compression Granules)

What is a DC?

DC is the intermediate product between an API and a Finished Dosage. The proportion that DC could be outsourced as per customer requirement without much technology risk at their end. Customer will get ready granules with proven quality and data of stability to meet International standard.

Why Direct Compression Granules ?

- The DC granules are taken directly from the drums to a hopper, where they are directly compressed into tablets.
- It decreases the overall cost of the manufacturers and which finally results in decreased cost of product to the end consumer.

Benefits of Direct Compression Granules.

- Saves Process Time
- Simplifies Supply Chain Management
- Reduces Capital Expenditure
- Reduces Vendor Development Cost
- Lower Testing Cost
- Regulatory Benefits
- Develops Dry-Blending with other APIs

Desired properties : Leading to finished dosage manufacturers getting favorable outcomes from their bioequivalence studies.

Dry Blending : We possess the capability for some Pharmaceutical Formulation Intermediates to be dry-blended with other APIs without the need for further granulation to obtain homogeneous mixtures.

We back our production line with EU GMP & WHO GMP manufacturing infrastructure. To support our Pharmaceutical Formulation Intermediate, we have prominent tie up with API manufacturer for DMF.

Direct Drum to Hopper product with Unique formula.

- Sustain released Direct Compression granules – Metformin SR suitable to 500 mg , 850 mg & 1 gm Tablets
- Extended released
- Rapid released
- Taste masking of formula for paediatric suspension

PRODUCTS

Amlodipine DC 1.35%
Atorvastatin 6.66%, 13.33%
Ascorbic Acid DC 62.5 %
Aceclofenac DC 41.66 %

INNOVATING WITH TECHNOLOGY

Highlights :

- State of the art infrastructure spread across adequate space
- Qualified, highly skilled, experienced and determined team
- F&D Lab with latest machinery and utilities
- Advanced ADL with qualified personnel and necessary equipments
- Regulatory team with experience in different regulatory markets
- Recognized by DSIR (Department of Scientific and Industrial Research)
- Facilities to produce Lab scale batches of API and Intermediates from 500 gm to 5 kg
- Dedicated pellets formulation and development facility for lab scale manufacturing

ANALYTICAL DEVELOPMENT LAB ACTIVITIES

- Product Analysis as per Pharmacopoeias
 - Dissolution Profiling
 - Related Substance Analysis
 - Impurity Profiling & Identification
- Analytical Method Development & Validation
 - Stability Studies

Globela® Pharma

"Every Life Is Precious"

*"Let's raise awareness of **CANCER** and encourage it's prevention, detection & treatment."*
