A Beacon of Excellence

## Company Overview

A monumental milestone in pharmaceutical industry

Where precision and innovation converge, SAVA Healthcare emerges as a beacon of excellence. Established in 2003, SAVA Healthcare Limited has been shaping the future of healthcare, making life "Feel Good." This commitment is reflected in our comprehensive range of Pharmaceuticals, Herbal, and Animal Healthcare products, designed to cater to the diverse needs of our global clientele.

### The company is organized into Four business verticals

#### International Business

is determined to touching lives across diverse communities with both human and veterinary pharmaceuticals & has a global footprint across Canada, Ukraine & the CIS, Asia & Africa (especially FWA) with both human & veterinary pharmaceuticals.

#### CRAMS CMB

is Contract Research & Manufacturing Services, a leading manufacturer of Nasal Drug Delivery Platforms & Dry Powder Inhalers along with OSD & Topical caters to many Indian & Global companies.

#### SAVA Herblals

is an emerging wellness segment which has been focused on addressing a variety of health conditions with the magic of herbal ingredients. Provides herbal wellness products for a variety of disease conditions.

#### SAVAVET

is a leading space catering to Small Animal and Farm Animal Healthcare business.

## Manufacturing plant

### A State-of-the-art Facility

**Surendranagar, Gujarat** - Situated in the vibrant landscape of Gujarat's Surendranagar, the manufacturing plant stands as a testament to quality and compliance. Approved by Health-Canada for oral solids (tablets) and oral powder, and the International Pharmaceutical Inspection Co-operation Scheme (PIC/s), the facility upholds the highest global standards.

Renowned for its expertise in Nasal Drug Delivery Platforms, SAVA's CRAMS division has established itself as a reliable partner, catering to a diverse clientele of Indian and International companies.

In addition to these accreditations, SAVA launched nasal spray line, fully compliant with European Union Good Manufacturing Practices (EU-GMP) that further solidifies its position as a leader in the Indian respiratory market.

**Indore, Madhya Pradesh** - SAVA Healthcare is set to commission its second pharmaceutical manufacturing plant on 13.8 acres of the Smart Industrial Park (SIP) of Madhya Pradesh Industry Development Corporation (MPIDC). This green field project will expand the manufacturing capabilities of SAVA with a projected annual production capacity of 2,351.3 million stock keeping units, which will include tablets, capsules, dry powder for oral suspension, ointments, nasal sprays and dry powders for inhalation.
