

Ten strong reasons to make us the “Partner of Choice” for all your requirements:

- **Total Solution Provider** : With around two decades of experience in catering to end-to-end service for all your **API** (Active Pharmaceutical Ingredients) Intermediates and Formulation requirements. Our portfolio of products and services ensure that customers get a total solution at our doorsteps.
- **Strong Sourcing Experience** : Only those who source well can satisfy your requirements. We have a strong sourcing experience and set channels from India as well as China (the two largest markets). This provides an enviable access to both the markets thus leading to a broader product base leading to wider choice and optimized costs.
- **Multiple Billing Options** : We have the dual option of billing directly from manufacturer or supply products on our invoice. These options ensure that the customer gets the solution they desire. Also this unique ability provides a huge advantage to customers in the final rates offered.
- **Optimized Logistics Cost** : Today, in this globalized environment with customers and suppliers dealing across geographies, freight insurance and clearing is a heavy cost. Medilink has the unique ability to source and supply various products from different manufacturers in a single consignment leading to a significant cost saving of freight, insurance and clearing.
- **Be Global, Think Local** : This is the mantra with which majority of the MNCs operate. Our strong presence in the local market can provide you more options for the source of material. This leads to a wider choice and competitive pricing.
- **Strong Documentation** : In a highly regulated industry like ours, it is mandatory to ensure proper documentation. With our strong local presence, we can ensure prompt and compliant regulatory documentation.
- **Single Point of Contact** : Our team of professionals act as a single point of contact for all your sourcing requirements. This saves a considerable amount of time for the customers and reduces the coordination hassles.
- **Multiple Channels of Communication** : We might be located in India, but we are geared up to provide services to customers across the globe. We understand that strong communication is of paramount importance and hence we are available to our customers through Information and Communication Technologies (ICT) at their local times.
- **Synchronized Logistics** : Dealing with multiple suppliers spanning multiple geographies can often lead to slippage of delivery dates thus jeopardizing the entire operations and a loss of credibility. Our team with a strong control over such logistical issues, ensure that the committed dates are honored, thus saving customers from a lot of hassles.
- **Transparency** : A strong and sustainable ecosystem can exist only if the interlinked relationships are based on pillars of trust. We, at Medilink, work with full transparency in all our business relationships.

Vast Product Portfolio Across Diverse Therapeutic Segments

Range of Therapeutic Categories Covered

A

ACNE Therapy
ADHD Therapy
Alcohol Abuse
Allergic Conjunctivitis
Amyotrophic lateral Sclerosis
Anabolic Steroid
Analgesic
Androgen Derivative
Anti-Allergic
Anti-Alzheimer
Anti-Androgen
Anti-Angina
Anti-Anginal
Anti-Asthmatic
Anti-Bacterial
Anti-Cancer
Anti-Cholinergic
Anti-Coagulant
Anti-Depressant
Anti-Diabetic
Anti-Emetic
Anti-Epileptic
Anti-Fungal
Anti-Histaminic
Anti-Hypertensive
Anti-Inflammatory
Anti-Inflammatory Steroid
Anti-Malarial
Anti-Migraine
Anti-Osteoporosis
Anti-Parkinsons
Anti-Platelet
Anti-Psychotic
Anti-Testosterone for BPH
Anti-Thrombotic
Anti-Tussive
Anti-Viral
Anxiolytic

B

Benign Prostatic Hyperplasia
Bronchodilator

C

Calcimimetic
Cardiac Stimulant
Cardiovascular
CNS Depressant
CNS Stimulant
Cortico Steroid

D

Diuretic

E

Erectile Dysfunction

H

Hormones
Hyperparathyroidism
Hyperphosphatemia
Hypnotic

I

Immuno Modulator
Iron supplement
Irritative bowel Syndrome

L

Laxative
Lipid lowering agent
Local-Anaesthetic

M

Multiple Myeloma
Muscle Relaxant
Myelodysplastic Syndrome

N

Narcolepsy
Narcotic Analgesic
Neuroprotective
Nsaid

O

Ophthalmic Solution
Opioid Analgesic
Opioid Antagonist
Overactive bladder
Oxytocin Antagonist

P

Pain Management
Prostaglandin
Proton Pump Inhibitor
Psoriasis
Psychotropic

R

Retinoid Agent

S

Steroids

T

Topical Skin Uses

U

Urological
Used in IV Solutions

V

Vasoconstrictor
Vasopressin Agent
Vasopressin Analogue

W

Weight Loss

Wide Range of Products to Choose From

A

Acyclovir
Acamprosate Calcium
Acenocoumarol
Acitretin
Adapalene
Adifenina HCL
Albendazole
Alcaftadine
Alendronate Sodium
Allantion
Allopurinol
Aloin
Alosetron
Alpha Lipoic Acid
Alprazolam
Ambroxol HCL
Amiloride HCL
Aminophylline Anhydrous
Amiodarone HCL
Amiodarone Hydrochloride
Amisulpride
Amitriptyline HCL
Amlodipine Besylate
Amoxicillin Tri. Comp
Ampicillin Anhydrous Comp.
Amylase
Anastrozole
Aripiprazole
Armodafinil
Asenapine
Atenolol Base
Atomoxetine HCL
Atorvastatin Calcium
Atosiban Acetate
Azacitidine
Azathioprine
Azithromycin Dihydrate

B

Baclofen
Bendamustine
Benfotiamine
Benzbromarone
Benzphetamine HCL
Beta Carotene 10%
Betamethasone Salts
Bezafibrate
Bicalutamide
Biperiden HCL
Bisacodyl
Bortezomib
Bromazepam
Bromopride
Budesonide
Bumetanide
Buprenorphine HCL

Bupropion HCL
Buspirone HCL
Butabarbital Sodium
Butalbital

C

Calcipotriol
Calcitonin (Salmon)
Capecitabine
Carbamazepine
Carboplatin
Carisoprodol
Carvedilol
Cefadroxil Monohydrate
Cefuroxime Axetil
Cephalexin Monohydrate Comp.
Cetirizine Dihydrochloride HCL
Cetrizine Di HCL
Chlordiazepoxide
Chloroquine Diphosphate
Chlorpheniramine Maleate
Chlorpromazine Hydrochloride
Choline Fenofibrate
Chondroitin Sulphate
Cimetidine
Cinacalcet HCL
Cinnarizine
Ciprofibrate
Ciprofloxacin HCL
Ciproheptadine HCL
Cisplatin
Citalopram HBR
Clarithromycin
Clindamycin HCL
Clobazam
Clobetasol Propionate
Clobetasol-17-propionate, Micronized
Clofarabine
Clomipramine HCL
Clonazepam
Clopidogrel Bisulphate
Clorazepate Dipotassium
Clostebol Micro Acetate
Clotrimazole
Cloxacillin Sodium
Cloxazolam
Codeine Base
Coenzyme Q-10
Colesevelam
Cyclobenzaprine HCL
Cyproterone Acetate

D

D Panthenol
Danazol
Dapoxetine
Darifenacin HBR
Decitabine Fumarate
