L'Amar

Founder
Hon. Late Mr. Amar Lulla

Hon. Late Mr. Amar Lulla was born in 1948 and having qualified as a chartered accountant, he joined CIPLA in 1976. He was invited to the Board of Directors in 1990 and grew to become Cipla's Joint Managing Director & Chief Executive. His vision was to serve mankind with optimum health and wellness. To fulfill this vision, he worked with all schools of medicine, leading to development of highly effective products ranging from Allopathy to Ayurveda and Homeopathy. Out of this vision, L'amar was born in 1995, to bring to the world, time proven herbal remedies combined with modern manufacturing techniques and delivery systems.

Available in
Saffron & Pan Masala
Tobacco flavor

Advantages

- They can be used for dysphasic and schizophrenic patients.
- Oral films can administered without water due to their ability to disintegrate within a few seconds releasing medication in mouth.
- This dosage form is very easy to carry while travelling.
- Packaging cost is also very low as compare to packing of normal tablet and capsules.
- No water needed for administration.
- Very convenient dosing.
- These fast disintegrating films have superiority over fast disintegrating tablets as the latter are associated with the risks of choking and friability.
- No risk of choking.
- Taste masking.
- Improved patient compliance.
- Site specific and local action.
- The drug enters the systemic circulation with reduced hepatic first pass effect, thus increasing bioavailability.
- Cost effective.
