

Delivering Trust,
Globally...

INNMEDICS

Global Pharma

Who we are

Innmedics Global Pharma is a globally renowned vertically integrated pharmaceutical organization engaged in the manufacturing, marketing, distribution as well as research and formulation development of high-quality Pharmaceutical, Biological and Plasma Products, Medical and Surgical Devices across diverse therapeutics areas.

Our Vision

To become a trusted global healthcare organisation, dedicated to delivering high-quality and affordable medicines that ensure healthcare accessibility for millions around the globe. ”

Our Mission

Strive to enhance lives by developing accessible medicines that make a tangible difference globally. ”

Board of Director

Jigar Mehta

Mr. Jigar Mehta is having 19 years of experience in Pharmaceutical and hospital management sector and deeply passionate about Oncology, Nephrology and critical illness.

He is pharmacy graduate from Rajiv Gandhi University of health science, Bangalore.

He began his journey as a clinical pharmacist at Vedanta Institute, Ahmedabad and later guided 500+ patients through medical tourism across Africa and other global market.

He now envisions expanding the reach of super specialty healthcare products across African markets, aiming to transform global healthcare access through innovation and expertise.

In 2016, Mr. Mehta established **AVRON HOSPITAL** in Ahmedabad with a mission to deliver advanced care for critically ill patients. We also provide Phase III, Phase IV and Post-Marketing Surveillance in our own clinical Site.

Offering a wide range of specialties—from Oncology and Nephrology to Orthopaedics, Neurology, and Critical Care—the hospital stands as a center of clinical excellence.

In 2018, he expanded globally by partnering in Nigeria and Ghana, establish super-specialty hospitals and initiating exports of pharmaceutical products across West Africa.

After lots of hard work and dedication for healthcare, he started new venture for export, he established **INNMEDICS GLOBAL PHARMA** in 2020.

Through dedication and perseverance, the company successfully began exporting branded generics and registering critical products in Oncology, Nephrology, and General Medicine in Nigeria and Ghana.

Why Innmedics

PROVEN EXPERIENCE

With a legacy of 40 years of unwavering commitment to healthcare solutions, backed by deep industry knowledge and expertise.
