PARTNERS MESSAGE

We are translating mission & vision of the founder and our father **Late Shri P.C. Kharia** to reality. With our proactive high involvement and leadership we are able to sustainably manufacture quality products in all dosage form.

Our enterprise Modern Laboratories was started in the year **1979** in the commercial capital of **Madhya Pradesh at Indore**. Since then we have never looked back. We have continuously worked on endeavoring our dreams. The rigorous efforts and support of our core team aided us to start our sister company **Nandani Medical Laboratories PVT. LTD.** in **1999**.

The **ISO 9001-2008** and **WHO-GMP** certification has allowed us to explore new horizons and now the plants are open for export of medicines all over the world. After having a foothold in domestic market, we are now moving towards International market. At present we have a list of over **180 products** which are approved for export by Indian drug regulatory authorities. With our extensive efforts and your knowledge of the local market, we would like to start this new business tie up.

OUR VISION

We are progressively working towards empowering people and creating a healthier society through our products and services.

OUR MISSION

- To be a globally admired Pharmaceutical company providing excellent quality products to our customers.
- To do what's right and not what's easy.
- To observe highest ethical standards and fair business practices and maintain highest standard of integrity at all level of business and services.

OUR VALUES

EXCELLENCE

When best is not enough Passion for excellence means not doing extra -ordinary things, but doing ordinary things in all pursuits exceedingly well. Passion and excellence are forces that fuel each other on the exclusive path to leadership. As we are what we repeatedly do, excellence then becomes not an act, but a habit.

INTEGRITY

Doing what's right is sacred to us. We behave responsibly , even when nobody's looking. We set high standards from which we never back down.

CUSTOMER and FAMILY FIRST

When customer comes first, they last The guiding principle behind caring for customers and family is being honest in building and nurturing relationships. Our mantra in customer service is "Modern medicines for millions". We believe in setting high standards when it comes to maintaining relationships.

Team Work

Together , we can run faster, reach higher and achieve more than any one of us can alone. We relish opportunities to collaborate because it's invigorating , enlightening and powerful. When we join forces and plow through boundaries, we move mountains.

RELIABILITY

Dependable. Reliable. Call it what you will, we have made it habit. We strive to be there through thick and thin, rain or shine, delivering on every promise, every time.

OUR QUALITY POLICY

- ▣ Committed to use current good manufacturing practices & comply the principles of WHO standards.
- ▣ To produce in built quality products.
- ▣ To achieve the customer satisfaction towards Quality & Cost.
- ▣ To achieve Quality products by maintaining the quality management system.
