"Your Global Partner in Wellness"

"Your Health, Our Commitment"

About Us:

Fitwel Group of Companies, a global leader in pharmaceuticals and nutraceuticals since 1948, is committed to enhancing health worldwide with top-quality products.

In Ahmedabad, the epicenter of India's pharma industry, the company has three state-of -the-art pharmaceutical manufacturing units.

To ensure top quality products and exceptional after sale service, Fitwel operates globally certified facilities such as WHO-GMP, ISO, UAE- MOH with a dedicated team of experts.

With a focus on offering cutting-edge, high-quality nutraceuticals and pharmaceuticals globally, Fitwel ensures safety, effectiveness, and affordability to earn your trust.

Empowering global health, our company is committed to delivering high-quality healthcare products that adhere to international standards, ensuring a reliable supply chain under all circumstances.

Leading the way in affordable healthcare, it combines over 25 years of expertise to deliver high-performance products that enhance patient outcomes with its innovative R&D team.

Envision a healthier tomorrow through superior manufacturing and global outreach. Together, we can ensure quality healthcare for all and build a more equitable future.

Provide quality healthcare to all through primary care, technology, system strengthening, prevention, affordability, and global collaboration.

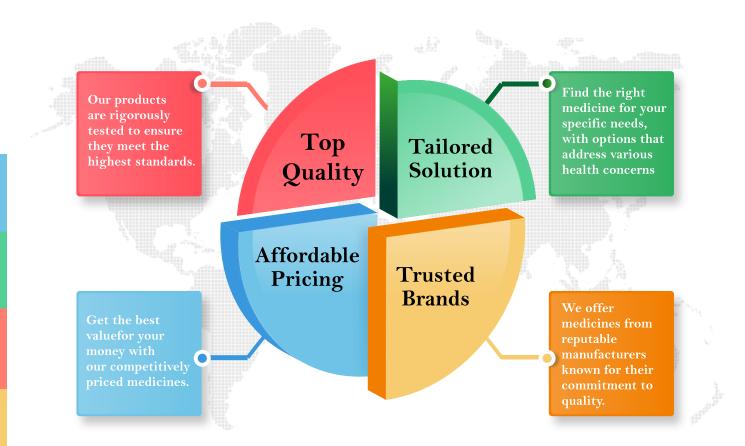

Guided by integrity, quality, and innovation, we deliver exceptional healthcare solutions that benefit our communities.

Key Values:

- Robust Regulatory and Design Team: The company boasts a strong in-house regulatory and design team to ensure compliance and innovation in product development.
- Strategic Manufacturing Partnerships: It has established strategic partnerships with leading EU GMP and GCC-approved manufacturing units, enhancing production capabilities.
- Comprehensive Dossier Availability: The company offers an extensive portfolio of over 50 ready dossiers with bioequivalence (BE), clinical development plans (CDP), and Zone IV stability data for regulated markets.
- Global API Supply Network: A global network facilitates the supply of active pharmaceutical ingredients (APIs) using DMF and CEP-grade raw materials.
- Competitive Generic Dossiers: Ready dossiers for anti-retroviral, antibiotic, and generic products are available at competitive prices, with exports to over 15 countries through collaborations with regulatory bodies like NAFDAC and others.
- Commitment to Quality and Ethics: The company is dedicated to ethical excellence, customer-centric care, and uncompromising quality, aiming for a global impact and progress through partnerships.
