

WE HAVE NATURAL GIFT TO CONQUER THE HARDEST CHALLENGES

Caremax

OUR MISSION

Caremax Healthcare is a renowned manufacturer of high-quality medical disposables, catheters, and gloves. Established in 2012, the company was founded with a vision to deliver superior-quality products at highly competitive prices. Over the years, Caremax has expanded its footprint globally, with products now available in more than 20 countries, including Australia, the UAE, Panama, Ecuador, Oman, Mauritius, Sri Lanka, Bangladesh, Vietnam, Congo, and Somalia.

In India, Caremax products are trusted by leading healthcare institutions such as AIIMS Delhi, PGIMER Chandigarh, the Manipal Group, and the Fortis Group.

Caremax's commitment to excellence is reflected in its ISO 13485:2016 certification from BSI. The manufacturing facility undergoes regular audits by OEM partners and certification bodies, ensuring consistent quality and adherence to global standards.

You may find our footprints around the world, while our feet remain firmly grounded in India...

Our Journey so far....

Zinc Oxide Plaster / Adhesive Tape USP

CAREPLAST

Product Description :

Adhesive Tape consists of a cotton blend fabric cloth that is evenly spread with a self-adhesive mass containing zinc oxide. Cloth is available in white as well as flesh (Skin) color based on the requirement. It can be also produced in economy packing for bulk Government tenders.

Application :

To secure dressing materials to the skin.

Features :

- Easy to unwind the rolls
- Adequate adhesion for all skin types
- Mainly suitable for tropical and subtropical weather where humidity and hot atmosphere required higher adhesion.
- Coated with latex free formulation of adhesive to avoid any skin allergies.

ADSP-505	5 cm X 5 m - 360 nos / carton
ADSP-755	7.5 cm X 5 m - 160 nos / carton
ADSP-1005	10 cm X 5 m - 120 nos / carton

Hospital Pack Details (8, 9.1 & 10 m)

ADHP-255	12 Rolls of 2.5 cm
ADHP-505	06 Rolls of 5 cm
ADHP-755	04 Rolls of 7.5 cm
ADHP-1005	03 Rolls of 10 cm

Elastic Adhesive Bandage B.P.

ELASTOCARE

Better Elasticity

- 50% to 70% higher stretchability
- Provides adequate compression & support
- Greater mobility & comfort without rigidity
- Improves wound approximation

Uniform Porosity

- Minimum chances of skin maceration

Hypo Allergenic Adhesives Mass

- Excellent adhesion & normal ventilation to skin

Skin Friendly Bandage

- Backing material with matt viscose & twisted cotton yarn & fast edges

Special Transparent Interliner

- Ensures easy unwinding & usage to the last inch

Caremax

All Silicone Foley Catheter

CAREMAX

SPECIAL FEATURES

- Uniform and larger inflation lumen for easy inflation and deflation of balloon.
- 100% biocompatible silicone is used and therefore biological reactivity is nil. Clear Silicone Material facilitates easy visibility of drainage.
- Silicone coating to ensure extra smooth penetration. Uniform roundness throughout the length of the catheter tube. Smooth tip facilitates for painless insertion.
- Radio opaque tip for clear identification of the catheter position Additional.
- Balloon integration with the catheter is done with a special process to eliminate rough edges.
- Comparatively bigger drainage lumen for better and increased drainage flow than in standard Latex catheter.
- Available in 2 way and 3 way.

Catheter Specification

Size (Fr)	Nominal (outer) Diameter* (mm)	Balloon Capacity	Balloon Option
8Fr	2.66	3ml	1.5-3ml, 3ml
10Fr	3.33	5ml	5ml

Caremax

Latex Examination Gloves

Powdered & Powder Free

CAREMAX GLOVE

SPECIAL FEATURES

- **Premium Quality Latex** : Made from high-quality natural latex for excellent strength and elasticity
- **Enhanced Grip** : Lightly powdered for easy donning and improved grip during use
- **Comfortable Fit** : Ergonomically designed to reduce hand fatigue during prolonged use
- **Reliable Barrier** : Provide effective protection against contaminants, ensuring safety during examinations and procedures
- **Versatile Applications** : Suitable for medical, dental, laboratory and general-purpose use

SPECIFICATIONS

- **Material** : Natural Latex
- **Powdered** : Lightly powdered for convenience
- **Sizes Available** : Small / Medium / Large / Extra Large
- **Packaging Options** : Available in boxes of 100 gloves

APPLICATIONS

- Medical examinations and procedures
- Laboratory work and research
- Food handling (where permitted)
- Cleaning and household tasks

Why Choose Our Gloves ?

- Certified for safety and quality compliance
- Superior comfort for extended wear
- Perfect blend of durability and tactile sensitivity

Cannula Fixator

DURAfix

Elastic Adhesive Bandage B.P.

- Tear the Pouch
- Remove the release paper
- Apply DURAfix

DURAfix

- Fixes without contaminating the infusion site
- Fixes the cannula, prevents pain
- Prevents infusion related phlebitis
