## NUTRACEUTICALS

The Nutraceuticals as a category is being led by Vitamins, Hematinics, Minerals, Proteins, Antioxidants, Rejuvenators, Slimming agents, Joint pain relievers and many more categories are into the fold of Nutraceutical. No wonder, more than 2000 compositions with frequent new introductions to fulfill the growing needs & aspirations of doctors & their patients are in market place. This very need helps Nutraceuticals enjoy the support of 70% specialists.

A survey carried out to measure the support base for Nutraceuticals in India highlights that the segment enjoys patronization by 70% specialists in the country. "Ensuring wellness" is gaining faster ground against the conventional "treating illness" & this changing belief is making the marked difference at the market place. Nevertheless, a broad support base, emerging therapies, ongoing research in the field and access to technologically or qualitatively superior molecules in the global market have encouraged Aesthetic to stay focused in this sunrise segment and we are committed to increase our offerings at the market place.
