About us

“A journey of thousand miles begins with single step” we laid our first stepping stone on 17th August 1994 when shine Pharmaceuticals Ltd. was incorporated. This step was taken with just 8 products and 5 PSR and now we are one of the leading pharmaceutical company in India. We have 650 PSR all over India and more than 200 products. Our manufacturing activities were started in 1996. Over the years, our operations were expanded in government supplies as well as export business apart from domestic ethical sales. SPL's core business segments is psychiatry, neurology, diabetic, cardiology and gastrology.

Vision and Mission

- **Vision:** To achieve a significant business in proprietary prescription products in the specialty segments in domestic as well as international market.
- **Mission:** Our world is shaped by a passion for delivering world class products, commitments to partners & concerned for people in an effort to create a healthier community globally.

Infrastructure

We have pharmaceutical formulation manufacturing unit located in pollution free surroundings, 35 kms away from Vadodara in Gujarat. It has been awarded WHO GMP and ISO 9001:2008 certification along with different country accreditations. Total land area is 25,000 sq. mts. while construction area is 8,000 sq. mts. The factory has been constructed as per latest regulatory norms with segregated man and material flow and equipped with 60 independent AHUs. A pool of qualified and experienced staff in production, QA and QC is maintaining highest quality of products.
