About Us

*Driven by Research,
Backed by Science !*

At Swarneo, every formulation is developed through deep scientific research, clinical evaluation, and innovative ingredient selection ensuring maximum efficacy and safety.

R&D TEAM

Dr. Pawan Gupta is a pharmaceutical scientist and serial entrepreneur with over 25+ years of experience in Nutraceuticals & Pharma R&D, regulatory affairs, manufacturing and marketing. He has held key positions in leading pharmaceutical companies such as Novartis, Dr. Reddy's, Lupin, Torrent, Fresenius Kabi, Cipla, Wockhardt, and Shilpa Medicare, where he gained deep expertise in global compliance and pharmaceutical innovation.

Raghavendra plays a key role in driving Swarneo' s vision of innovative, science-backed nutrition. Having 15+ years of experience with a strong background in research and product development, he focuses on creating advanced supplement formulations that merge efficacy with enjoyable delivery formats. His work emphasizes combining natural ingredients with modern technology to ensure better absorption and compliance.

Prashantha L brings rich experience in marketing, product research, and analytical sciences, combining scientific knowledge with market insight to drive successful product strategies. Having 13+ years of experience. His expertise in product selection, evaluation, and formulation analysis helps ensure each launch meets both consumer demand and quality benchmarks. At Swarneo, he contributes to aligning innovation with market trends through data-driven decision-making and technical understanding.

Tippeswamy brings extensive experience in clinical practice, pre-clinical research, and clinical trials, contributing deep scientific and practical insights to product development. Having 18+ years of Experience.His strong understanding of trial design, patient outcomes, and therapeutic evaluation helps ensure that every formulation is both safe and effective. At Swarneo, he plays a key role in translating clinical evidence into meaningful nutritional innovations.

TECHNICAL ADVISORY TEAM

Dr Vijay kanth is a seasoned pharmaceutical scientist with over 20 years of R&D expertise in sterile and controlled-release formulations. He has led innovations in injectable, oral, and lipid-based nutraceutical systems using advanced technologies like nanotechnology and QbD. With strong experience in product development, technology transfer, and regulatory compliance, he bridges science and holistic wellness.

Mohan Kumar has extensive R&D experience in oral thin film technology, specializing in innovative drug delivery systems. Having 16+ years of experience. His expertise spans formulation development, process optimization, and product characterization, contributing to advanced and patient-friendly dosage formats. At Swarneo, he plays a vital role in developing novel delivery technologies that enhance bioavailability and consumer convenience.
