Production Capacity

"Delivering Scale, Quality, and Consistency"

25
Years Of
Experience

Inspired by Vision. Driven by Passion.

Our journey in the pharmaceutical industry began with the bold vision of becoming a trusted and leading name in the field. It all started with the unwavering passion of a dynamic, second-generation entrepreneur, determined to make a difference.

With a dedicated team of skilled professionals by our side, we embarked on a mission grounded in innovation, quality, and trust. Every formulation we develop reflects our commitment to excellence and our desire to improve lives.

This powerful blend of leadership, expertise, and shared values laid the strong foundation of our venture into the pharmaceutical world — and continues to drive us forward every day.

BASE MEDICO PVT. LTD.

Quality is our Success

Mission: Vision: Strength: Impact.

● Our mission is to emerge as a global leader in the formulation and manufacturing of high-quality pharmaceutical products. We are committed to setting new benchmarks in quality, innovation and regulatory excellence. By upholding the highest standards of Good Manufacturing Practices (GMP) and embracing sustainable business practices, we strive to create lasting value for our partners, patients & communities across the globe.

Mission

● To consistently deliver world-class pharmaceutical products with superior quality and packaging—on time and at competitive prices. We believe in continuous learning and innovation, applying these principles to every aspect of our operations. By challenging industry benchmarks and staying aligned with the evolving needs of our consumers and stakeholders. Through this approach we aim to redefine excellence in the global pharmaceutical industry.

VISION

- **Quality:** We never compromise on quality - it is at the heart of everything we do.
- **Integrity:** A commitment to transparency and excellence drives our operations.
- **Reliability:** We uphold the highest standards in manufacturing to ensure consistent performance and dependability.

STRENGTH

The Base Group of Companies has evolved over the years, supported by a strong foundation of research-oriented minds and long-standing partnerships. Many of our original employees and vendors remain part of our journey, while new stakeholders continue to strengthen our global presence.

- **Global Pharmaceutical Benchmarking**

We are committed to setting a global standard through the use of high-quality ingredients, ensuring product consistency, and maintaining reliability. Each formulation is designed to enhance bioavailability and therapeutic efficacy.

- **End-to-End Focus**

Our operations are streamlined to cover every stage — from research and development to final dispatch — with the goal of achieving excellence at every touchpoint.

- **Attention to Detail**

Our rigorous quality assurance processes — including robust pre-inspections and continuous evaluations — have resulted in a product rejection rate of less than 0.01%. This reflects our uncompromising dedication to quality.

- **Proven Track Record**

Since our inception, product rejections have been virtually nonexistent. In the rare instances of occurrence, they have been unrelated to product quality — a testament to our strict quality protocols and commitment to delivering trusted pharmaceutical solutions worldwide.

IMPACT

We Commit, We Deliver.

Certified for Excellence

At BMPL, every certification — from GMP to ISO and global regulatory approvals — reflects our unwavering commitment to quality, safety, and innovation. These recognitions are proof of the trust we build and the standards we uphold in every product we deliver.

Quality is our Success

Mr. Nimesh Patel
Managing Director

“Today, BMPL stands as a distinguished manufacturer and global exporter of high-quality pharmaceutical products. Headquartered in Gujarat, India—one of the country's most prominent pharmaceutical hubs—we have earned the trust of healthcare professionals and partners across the globe. Our commitment to quality, compliance, and innovation has firmly established us as a reliable name in the Indian pharmaceutical industry and beyond.”

BASE MEDICO PVT. LTD.
Quality is our Success

Our skilled teams ensure that equipment and systems operate at peak efficiency, driven by deep knowledge and experience. We uphold honesty, integrity, and excellence in everything we do. With a strong belief in open culture, one of our core values is being approachable and supportive across all global operations.

Commitment to Quality

at BASE MEDICO PVT. LTD

Our state-of-the-art manufacturing facility is designed with a streamlined, unidirectional flow for both personnel and materials, ensuring the highest standards of hygiene and efficiency. With dedicated zones for warehouse, production, and quality control, the facility is equipped to manufacture:

- Tablet
- Hard Gelatin Capsule
- Ointment/Cream and Lotion.

We maintain complete in-house control over all manufacturing processes. No part of drug production is outsourced, except for specialized high-end analytical testing, which is conducted only at certified and approved laboratories when required.
