E-Brochure

Hexagon Nutrition is a differentiated and research-oriented pure-play nutrition company offering **clinical nutrition solutions products, micronutrient premixes, and therapeutic products**. There is a growing demand for the functional nutrition food segment and Hexagon Nutrition has been able to move up the value chain with clinical nutrition products having presence across retail pharmacies, hospitals, and prominent e-commerce players. We market our products across India and exports to more than **70+ countries** to meet the demand for nutrition through Micro-nutrient premixes, Clinical Nutrition, and Therapeutic Nutrition.

“PENTASURE” is a leading name in the health, wellness, and clinical nutrition space and offers a complete source of nutrition for **all age groups**. The Covid-19 pandemic has made consumers increasingly aware of health and nutrition and Hexagon Nutrition can address this rapidly emerging requirement.

With a focus on Innovation, our product portfolio addresses alleviation of malnutrition and daily nutritional requirements across demographics. Hence, with our manufacturing facilities located at **Nashik, Chennai, and Thoothukudi (Tuticorin)** and **R&D facilities located at Nashik and Chennai**, we are a fully integrated company engaged, right from product development to marketing including research and development and manufacturing, with a focus on quality control of nutrition products across diversified categories of Nutrition solutions products.

The product basket covers complete life cycle from Pediatric to Geriatric classified into five categories:

Wellness Nutrition	Weight Management	Disease Specific Nutrition	Immuno Nutrition	Fertility Nutrition
-----------------------	----------------------	-------------------------------	---------------------	------------------------

HEXAGON HAS THREE MAIN VERTICALS

MICRONUTRIENT PREMIXES

Custom blends of vitamins and minerals used in food products and programs around the world.

CLINICAL NUTRITION

Products that support and enhance the life of healthcare patients and consumers.

THERAPEUTIC FOODS

Specialized products that provide basic nutritional needs for those facing severe cases of malnutrition.
