

Oxford Laboratories Pvt. Ltd.

Innovation
— & Quality

Company Profile

Oxford Laboratories Private Limited, A Quality focused global pharmaceutical company, providing best healthcare medicines incorporated in the **year 2000**.

In 2003, another company **Oxford Lifesciences Private Limited**, was incorporated to enhance the **Oxford's** presence in rapidly growing **Ayurvedic, Herbal and Cosmetic Market**.

With its corporate office in **Mumbai, India** and representative and coordination offices at **Russia, Uzbekistan, Kazakhstan, Belarus, Tajikistan, Turkmenistan, Ivory Coast, Cameroon** and **Dubai**. Oxford has strong international presence in around **40 regulated and emerging pharmaceutical markets**.

Company's pharmaceutical formulation plant is located at **Pardi, Valsad, Gujarat**, while its **Herbal, Ayurvedic** and **Cosmetic formulation** plant is located at **Palghar, Maharashtra**.

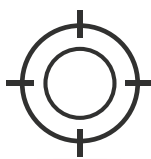

The company is moving on a promising & growing path by strategically & continuously expanding its business in existing & new markets, strengthening & adding more manufacturing facilities with different sections, getting into more collaborations with business partners worldwide and enhancing the overall capabilities of entire organisation.

The Company's products are manufactured in WHO-approved plants under stringent quality supervision with range of preparations in **Tablets, Capsules, External Preparations, Oral Suspension, Injectable, Nutraceuticals, Herbal, Ayurvedic & Cosmetic section** for the countries spread across **Asia, CIS countries, African and Latin American Countries**.

Vision

To become a globally recognized pharma company offering a wide variety of quality healthcare products, ensuring accessibility.

Mission

To produce innovative & quality healthcare products with total customer satisfaction maintaining high ethical standards.

OXFORD

Oxford Laboratories Pvt. Ltd.

Research & Development

Oxford has well developed R & D unit abreast with latest advancement & development in the pharmaceutical sector happening around the globe.

Expertise
