

Fostering Good Health

Why 'Ri' Pharma

Our corporate identity "Ripharma" is an amalgamation of two significant creations - One of Mother Nature and the other of Mankind.

The word 'Ri' is derived from River, a divine creation of mother nature and the word 'Pharma' an ultramodern and advance creation of mankind.

We at Ripharma take inspiration from the River and imbibe the hallmark characteristics of a River.

A River is PURE, FRESH, POSITIVELY CHARGED & FLOWS SEAMLESSLY cutting through rocks not because of its power but because of its persistence.

Similarly, we at Ripharma are PURE In QUALITY, FRESH In IDEAS, POSITIVE IN ENERGY and WORK PERSISTENTLY towards 'Fostering Good Health'

Fostering Good Health

Corporate Profile

Ripharma Laboratories Ltd. is a well established, quality driven pharmaceutical company with a proven track record in manufacturing, marketing and distribution of finished pharmaceutical formulations globally. The company is promoted by committed and experienced professionals who have come together with 'fostering good health' as their guiding principle.

Since it's inception in 2005, Ripharma has remained dedicated towards providing advanced and affordable healthcare to patients across the globe. Our expertise in finished formulations has aided us in successfully manufacturing for over 500 products across various therapeutic segments and dosage forms for foreign distributors and marketing companies. With it's customer centric business philosophy Ripharma has emerged as a force to reckon with.

Equipped with global market intelligence, Ripharma continues to evaluate innovative trends in healthcare & novel drug delivery applications in various therapy areas.

With a firm desire and purpose, we at Ripharma passionately pursue our responsibilities to enrich the lives of communities across the globe.

Vision

We at Ripharma, aspire to be a global pharmaceutical enterprise which is determined to fulfil the unmet health care needs through our innovative, affordable and quality compliant products.

Quality Policy

Ripharma is committed towards producing pharmaceutical products which confirm to global regulatory requirements thus ensuring safety and efficacy of it's products.

At Ripharma, quality is not just a parameter but the heart of our business. Quality is built into the products and remains uncompromised across all stages of production right from raw material, manufacturing, packaging to dispatch.

We take pride in producing products of the highest quality by combining cutting edge technology with stringent operating procedures and safety practices.

We continue to update procedures, processes and technology to assure quality products to our consumers. It is our firm belief that consistency in quality combined with service excellence will position Ripharma as a strong global pharmaceutical company.
