MANUFACTURING FACILITY

UNIT DETAILS

State-of-the-art facilities with advanced manufacturing techniques help the organization accommodate global demand with high-quality and affordable medicines.

All Formulation & Developmental activities are conducted as per global regulatory guidelines through In house quality controlled designs using cGMP, CGLP, CGDP and Quality by Design (QbD) concept.

The philosophy of our manufacturing excellence is to continuously improve on processes, eliminate inefficiencies and facilitate lean procedures.

Our plant capacity is adequate to accommodate voluminous production schedules.

FACILITIES	TABLETS / CAPSULES / LIQUID ORALS
Admin & QA Area	8,604 Sq. Ft.
QC Area	5,595 Sq. Ft.
Microbiology Lab	1,784 Sq. Ft.
F&D / ADL	2,960 Sq. Ft.
Warehouse (RM / PM)	90,000 Cu. Ft.
Production	32,480 Sq. Ft.
Warehouse Finish Goods	5,4962 Cu. Ft.
Utility	9,951 Sq. Ft.

OPERATIONS	MACHINE OUTPUT CAPACITY (Per Shift)
Wet Granulation Line	480 kg
Dry Granulation Line	480 kg
Tablet Compression Machine (37 Machine)	15 Lakh Tablets
Tablet Compression Machine (51 Machine)	30.10 Lakh Tablets
Coating Machine (60' Pan)	385 kg
Capsule Filling Machine	7.20 Lakh Capsules
Blister Packing Machine 01	1.5 Lakh Blister
Blister Packing Machine 02	1.3 Lakh Blister
Strip Filling Machine	1.5 Lakh Strip
Liquid Manufacturing Line	2500 Ltr.

Bottle Filling Machine

30,000 (100 ml)

40,000 (60 ml)

50,000 (30 ml)

CAPACITY

LIST OF PRODUCTS

CARDIAC

Telmisartan	Rosuvastatin + Ezetimibe
Telmisartan + Metoprolol	Cilnidipine
Telmisartan + Hydrochlorothiazide	Cilnidipine + Telmisartan
Rosuvastatin	

DIABETIC

Vildagliptin	Empagliflozin
Sitagliptin	Dapagliflozin

CENTRAL NERVOUS SYSTEM (CNS)

Escitalopram	Escitalopram + Clonazepam
--------------	---------------------------

PAIN MANAGEMENT

Aceclofenac + Paracetamol	Ibuprofen + Paracetamol
Diclofenac + Paracetamol	Etoricoxib

ANTIBIOTICS
