Proprietary Formulation

GABA (Gamma Aminobutyric Acid)

GABA, also known as gamma aminobutyric acid, is a neurotransmitter that helps regulate the brain's activity. It helps reduce stress and anxiety, and improves sleep.

Lemon balm extract

It can help relieve stress and anxiety. It may also help improve mood and prevent oxidative stress.

L - Theanine

Theanine is similar to glutamate, a natural amino acid. Glutamate helps transmit nerve impulses in the brain.
