Profile

GD group is a professionally managed company having multi facet product range. GD group today symbolizes a name - a state of mind. Over three decades, GD group has been initiated by Mr. Ghanshyam Das Chachan. This group is presently consisting of

- G. D. Laboratories (India) Pvt. Ltd.
- G. D. Pharmaceuticals Pvt. Ltd. (Nepal)

The above concerns are having their own respective manufacturing units designed strictly under WHO GMP guidelines with the latest state of the art technology.

Our manufacturing facility is also holding GMP from Kenya. In addition site is also approved by MOH, Yemen, Ivory coast and Nigeria.

Our products are successfully registered in Cameroon, Vietnam, Mali, Turkmenistan, Tajikistan, Myanmar, Nigeria, Sri Lanka, Cambodia, Yemen, Iraq, Cote D Ivory, Georgia, Afghanistan & Kenya.

Our Company/products are also under registration in Senegal, Mongolia & Phillippines.

We shape our strategy, define our purpose and govern every facet of our operations with a keen eye on quality. GD has kept pace with every advancement in modern medicine upgrading, modernizing and growing.

The ongoing drive for new technology has resulted in a spectrum of modern medicines of highest quality. The unstinted support of the innovative management willing to take bold steps that has taken the company to new heights. The strong field force of marketing professionals has ensured the presence of GD products across the length and breadth of India & abroad.

Mission

At GD group, we have always believed that every individual has the right to lead a healthy life. "YOUR HEALTH OUR CONCERN" is our only the core missions & we are firmly committed to ensure this by manufacturing innovative & high-tech products which will satisfy the need of our millions of people.

Vision

G. D. Laboratories is committed to become the most admired pharmaceuticals company and to become a significant GLOBAL player by the turn of decade.

Our Vision is to be a healthy player in National & International Pharma market by manufacturing quality medicine through excellence in technology, joint ventures, collaboration, team work and good corporate governance

Manufacturing Facility

We Manufacture Oral Solid dosage forms including tablets, capsules, liquid, ointment & creams : all conforming to the WHO-GMP Standards.

The Manufacturing Facilities are truly unique in every sense of term as the Plant's standard are of international level. Different "zones of cleanliness" are maintained as per WHO-GMP guidelines. The salient features of the design concepts:

- Each room has separate AHU's (Air Handling Units) and dust extraction systems.
- Environmental conditions in each area are maintained with respect to temperature, number of air changes, pressure, particle count and flow direction etc.
- Reverse Osmosis (RO) water system with loop in the entire manufacturing area with monitoring of conductivity, pH, TDS etc.
- Environmental friendly compressor chillers.

Manufacturing Capacity (available) (per annum)

Tablets	500 million Tablets
Capsules	100 million Capsules
Oral Liquid	20 million Bottles
Ointment & Cream	10 million Tubes

QUALITY
(QA & QC)

We are committed to manufacture only Quality Pharmaceuticals at our plants. To achieve and maintain a consistent quality, every product has to qualify the most stringent parameters at our quality control laboratory. GD group has adopted the latest quality philosophy by organising a well equipped Quality Assurance Department conforming to cGMP Standards.

Stability study as per ICH guidance is a part of regular activity. Manufacturing processes, analytical methods and cleaning procedures are validated. The Quality Control Department is fully equipped with Chemical, instrumental and microbiological facilities.

Our quality formulations are backed by top class marketing team, which comprises of hard-core professionals with decades of experience in marketing with most reputed Indian multinational pharmaceutical companies. They are ably backed up by our administrative, MIS and management.
