

SYNMEDIC
Laboratories®

SYNMEDIC
Laboratories

Serving the humanity with quality Pharma formulations since last 2 decades.

A Dhanuka Group Company

A FORMULATION mfg. unit having GMP accreditations from:

- WHO GMP
- NAFDAC Nigeria
- BFDA Philippines
- Eurasian (EAEU) FDA
- FDA of Sri Lanka, Cambodia & Myanmar
- MOH–Yemen & Afghanistan National FDA

DHANUKA GROUP

■ DHANUKA AGRITECH LTD.(1968)

3 manufacturing units with >1,000 techno-commercial staff, supported by a strong R&D division and a robust distribution network to reach out to >10 million Indian farmers.

■ DHANUKA LABORATORIES LTD. (1996)

Manufacturing a range of Cephalosporin's and their key intermediates, Exporting to >20 countries.

■ SYNMEDIC LABORATORIES (1993)

Serving more than 25 countries with manufacturing formulations in tablet, capsule, ointment and sachet dosage forms.

■ ORCHID PHARMA LIMITED (1992)

One of the largest integrated antibiotic manufacturing complexes in India, which specializes in the manufacture of cephalosporin active pharmaceutical ingredients. Approved by leading global regulatory agencies like the US FDA, UK MHRA, GMP, EDQM, TGA (Australian), Danish Medicines Agency.

Vision:

“To be a world class healthcare organization offering innovative products and services to improve the quality of life globally.”

Mission:

“To provide world class healthcare products and services at an affordable cost, through the use of modern technology, R&D, well defined quality systems and trained manpower for the millions ailing worldwide.”

Vision and Mission

KEY MANAGEMENT PERSONEL

Mr. Manish Dhanuka
(Partner)

Mr. Arjun Dhanuka
(Partner)

Mr. Dinesh Bhardwaj
(Sr. General Manager - DRA)

Mr. Shivdarshan H Sharma
(Sr. Manager – Quality Assurance)

Mr. Rajendra Kumar Rawat
(Plant Head)

Mr. Virender Kalia
(Vice President Sales)

Dr. Neelam Shah
(General Manager Export)

Ms. Yashashvi Chauhan
(Assistant Manager - DRA)

Mr. Turab Ali
(Dy. Manager –Quality Assurance)

Mr. Sandeep Kumar
(Sr. Manager (Production Head))

Mr. Shailendra Singh
(Manager – Quality Control)

Mr. Vikas Kumar
(Sr. Executive – Tenders & Logistics)

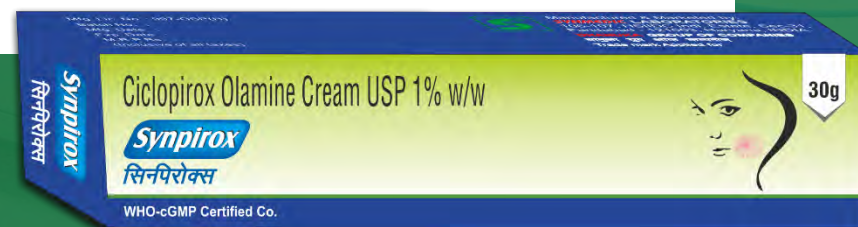

Mr. Raj Narayan Dubey
(Manager Accounts & Finance)

MANUFACTURING CAPABILITIES

FACTORY

- Manufacturing facility is designed to meet the US FDA and EU GMP requirements and total plot size of factory 22787.5 sq. meter, situated at Keshwana-Rajasthan 125km from New Delhi Airport.
- The factory manufactures Tablets, Capsules and External Preparations covering therapeutic segments of anti-histaminic, anti retro-viral, anti-ulcer, cardiovascular drugs, anti-fungal agents & analgesics etc.
- We have been inspected and certified by state for Schedule 'M', WHO (CDSCO), Belarus, BFDA Philippines,
- The clean rooms are spatially designed to meet the GMP requirements.
- A total of 126 Persons are engaged in managing the production with unparallel international quality standards.

MANUFACTURING CAPABILITIES

UTILITIES

- All manufacturing areas are equipped with Terminal HEPA Filters.
- Different manufacturing sections, having dedicated utility and HVAC system.
- We have double RO system with EDI, UF and 24 hour circulation loop line having zero dead legs valves in water distribution.
- Purified Water qualifies IP/BP/USP/EP/IHS standards.

MANUFACTURING CAPABILITIES

PRODUCTION LINES

- **Tablet**
25 Million Tablets / Month
- **Capsule**
20 Million Capsule / Month
- **Ointment**
1.5 Million Ointment / Month
- **Sachet**
10 Million Sachet / Month

MANUFACTURING CAPABILITIES

GMP CAPABILITY

- Separate receiving bays for Raw materials, Packing Materials and Solvents.
- Separate Finished Goods Dispatch Bay.
- Dedicated sampling booths for API, Excipients, Packing Materials and Solvents at ground floor.
- Dispensing is done floor wise in separate dispensing booths for OSD and External Preparations.
- Cross contamination control via separate Man & Material entries with double door Interlocking .

MANUFACTURING CAPABILITIES

QUALITY CAPABILITY

- Quality Control area are separate from the manufacturing area .
- Achieving these cost, quality and delivery require imbining the philosophy of 'Total Quality Management' into the organization's culture. It has to become the very essence of the organization.
- We believe that quality is the mainstay of competitiveness. We thus constantly create an environment of Quality and Compliance in line with the global best practices
- All HPLCs are server based in accordance with 21 CFR & audit trail.
- We have in house well equipped microbiology laboratory with LAFs.

MANUFACTURING CAPABILITIES

QUALITY CONTROL CAPABILITY

- All HPLCs are server based in accordance with 21 CFR & audit trail.
- Accelerated and real time stability studies are carried out according to ICH (International Conference on Harmonization) guidelines to ensure that the quality of products remains consistent throughout their shelf life.
- In-house facilities for Analytical Method Development and Validation as well as impurity profiling enable us to produce world class quality.
- Strict adherence to cGMP norms is our motto, there is a continuous effort to improve the manufacturing systems and Standard Operating Procedures for better Quality Assurance.

MANUFACTURING CAPABILITIES

QUALITY CONTROL CAPABILITY

- The Quality Control laboratories adopt modern analytical techniques. Rigorous quality control and strict adherence to our quality specifications have enabled us to ensure guaranteed reliability of our products.
- All HPLCs are server based in accordance with 21 CFR & audit trail.
- Accelerated and real time stability studies are carried out according to ICH (International Conference on Harmonization) guidelines to ensure that the quality of products remains consistent throughout their shelf life.
- In-house facilities for Analytical Method Development and Validation as well as impurity profiling enable us to produce world class quality.

MANUFACTURING CAPABILITIES

QUALITY ASSURANCE

Quality Assurance by continuous monitoring of all process and guarantee the highest possible quality and consistency of each product.

The internal QA (Quality Assurance) Department ensures that the QMS (Quality Management Systems) are very well adhered, reporting to management directly for effective assurance to quality batch by batch.

Following are the responsibilities but not limited to perform by QA and maintained record separately.

- Execution and approval Qualification and validation activity to ensure consistency of results.
- Document and data control (issuance, control and retrieval of documents).
- QMS (Market Complaint/ Product Recall/Change Control/ OOS /Deviation/ etc)
- Separate Team available for the qualification and validation
